## STYLE/EXTERIOR DATA

Queen Anne

Italianate

## Exterior &amp; Architectural Notes:

**October 2010:** Constructed in 1887 by John H. Bacer, this two-story, two-bay Queen Anne-style single-family dwelling was influenced by the Italianate style. The dwelling is composed of a two-story main block with a full height projecting bay on the façade. The bay has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (west elevation). A sloping roof caps the dwelling and is fronted along the façade by a molded metal cornice with brick corbels. The façade (west elevation) is fenestrated with a single-leaf, paneled metal door with lights, topped by a single-light transom, a single-leaf, paneled wood door with lights, and 1/1, double-hung, vinyl-sash windows. Soldier brick segmental arches surmount the foundation openings. Soldier brick segmental arches with molded brick caps accent all other openings on the façade. Each window has a concrete sill. The north (side) elevation is not fenestrated. A second-story, wood-frame bay projects from the north elevation and is clad with T-111 siding. The rear (east) elevation is pierced by 1/1, double-hung, vinyl-sash windows and a single-leaf, multi-light wood door. All windows have a rowlock brick sill and two-course, rowlock brick segmental arch.

## Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the east side of 12th Street, N.E. and is set back approximately ten feet from the sidewalk. The south (side) elevation of the dwelling is adjacent to 725 12th Street, N.E. and a concrete alley runs parallel to the north (side) elevation of the dwelling. A metal fence surrounds the front yard. A concrete walkway provides access to the primary entrance from the public right-of-way. A wood fence surrounds the rear yard of the property.

Architectural Style(s)

**Queen Anne**

**Italianate**

Exterior & Architectural Notes:

October 2010: Constructed ca. 1887, this two-story, two-bay Queen Anne-style single-family dwelling was influenced by the Italianate style. The dwelling is composed of a two-story main block with a full height projecting bay on the façade. The bay has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (west elevation). A sloping roof caps the dwelling and is accented by a molded metal cornice with brick corbels. The façade is fenestrated with a single-leaf, multi-light wood door, topped by a single-light transom, a single-leaf, paneled wood door, and single and paired 6/6 and 9/9, double-hung, wood-sash windows. Soldier brick segmental arches surmount the foundation openings. Soldier brick segmental arches with molded brick caps accent all other openings on the façade. Each window has a concrete sill. The rear (east) elevation is stuccoed and is pierced by a single-leaf, multi-light wood door and 6/6, double-hung, wood-sash windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the east side of 12th Street, N.E. and is set back approximately ten feet from the sidewalk. The level yard is surrounded by a metal hairpin and picket fence and is paved primarily with concrete. Mature shrubs and foundation plantings mark the yard. The backyard is surrounded by a fence.

## STYLE/EXTERIOR DATA

Architectural Style(s)

Queen Anne

Italianate

Exterior & Architectural Notes:

October 2010: Constructed c. 1887, this two-story, two-bay Queen Anne-style single-family dwelling was influenced by the Italianate style and is similar in form and style to 725 and 727 12th Street, N.E. The dwelling is composed of a two-story main block with a full height projecting bay on the façade. The bay has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (west elevation). A sloping roof caps the dwelling and is fronted along the façade by a molded metal cornice with brick corbels. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door, topped by a single-light transom, a single-leaf, paneled wood door (foundation), and 6/6, double-hung, wood-sash windows. Soldier brick segmental arches surmount the foundation openings. Soldier brick segmental arches with molded brick caps accent all other openings on the façade. Each window has a concrete sill. The rear (east) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are complemented by two-course, rowlock brick segmental arches.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the east side of 12th Street, N.E. and is set back approximately ten feet from the sidewalk. The dwelling is adjacent to 721 and 725 12th Street, N.E. A metal fence surrounds the front yard. A brick walkway provides access to the primary entrance from the public right-of-way.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

October 2010: Constructed ca. 1890, this two-story, three-bay dwelling & store was influenced by the Italianate style. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick. A sawtooth stringcourse spans the façade above the second story openings. A sloping roof caps the dwelling and is complemented by a molded metal cornice with brick corbelling. The façade (west elevation) is fenestrated by a single-leaf, paneled wood door, a single-leaf, wood-frame glass door (both surmounted by a single-light transom), a single-light fixed wood window, and 1/1, double-hung, wood-sash windows. All second story openings are topped by soldier brick segmental arches with header brick caps. A one-story, full-width porch spans the façade and is set on a solid foundation. The flat roof of the porch, which serves as a second story deck, is supported by brick posts. The south (side) and rear (east) elevations are fenestrated with 1/1, double-hung, wood-sash and vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the northeast corner of 12th Street, N.E. and Linden Place, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and foundation plantings. The backyard is surrounded by a brick wall, which is pierced by a single-leaf, paneled wood door.

## STYLE/EXTERIOR DATA

Architectural Style(s)

Exterior & Architectural Notes:

**October 2010:** Constructed in 1887 by W.E. Burford, this two-story, two-bay Queen Anne-style single-family dwelling was one of ten similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a gabled roof. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a corbeled brick cornice. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door, topped by a single-light transom, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are topped by a two-course, rowlock brick segmental arch and the windows each have a concrete sill. The first story opening of the bay is further ornamented with paired Queen Anne-style multi-light transoms. The west (side) elevation is not fenestrated. The rear (north) elevation is fenestrated with window openings containing glass blocks. Each opening has a concrete sill and soldier brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. Visible fenestration consists of a single-leaf door with lights and a single-light transom and 1/1, double-hung, vinyl-sash windows. All openings have a soldier brick segmental arch. A two-story, wood-frame deck extends from the rear elevation of the ell.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The east (side) elevation of the dwelling is adjacent to 1202 Linden Place, N.E. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1887 by W.E. Burford, this two-story, two-bay Queen Anne-style single-family dwelling was one of ten similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a half-hipped roof of slate shingles. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a molded metal cornice with brick corbels. The façade (south elevation) is fenestrated with a replacement, single-leaf, paneled metal door with lights, surmounted by a single-light transom, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are topped by either a two-course, rowlock brick segmental arch or a soldier brick segmental arch. All window openings have a concrete sill. The first story opening of the bay is further ornamented with paired segmental arched transoms. The rear (north) elevation is fenestrated with a 1/1, double-hung, vinyl-sash window.

A two-story brick ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. Visible fenestration consists of a single-leaf, paneled metal door with lights (with a single-light transom) and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, two-bay single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The backyard is surrounded by a wood fence.

### Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed in 1887 by W.E. Burford, this two-story, two-bay Queen Anne-style single-family dwelling was one of ten similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay on the façade. The bay has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Various molded brick stringcourses span the façade. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a boxed cornice with pressed metal ornamentation. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, topped by a single-light fanlight, a single-leaf, multi-light wood door, and single and paired 1/1, double-hung, wood-sash windows. Either a gauged brick segmental arch or a rock-faced concrete lintel accent most window openings. The door opening is finished with a gauged brick round-headed arch with a molded cap. The rear (north) elevation is visibly fenestrated with 2/2, double-hung, wood-sash windows. Each opening has a two-course, rowlock brick segmental arch.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1210 and 1214 Linden Place, N.E. A wood fence surrounds the backyard of the property.

Site Notes:

**October 2010:** Constructed in 1887 by W.E. Burford, this two-story, two-bay Queen Anne-style single-family dwelling was one of ten similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is capped by a pyramidal roof. Covered with slate shingles, the pyramidal roof is finished with a molded metal cornice featuring scrolled modillions. Set on a solid brick foundation, this brick dwelling is faced with PermaStone. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a molded metal cornice. The façade (south elevation) is fenestrated with a single-leaf, wood door with lights, topped by a single-light fanlight, a single-leaf, wood door with a diamond light, and single and paired 1/1, double-hung, vinyl-sash windows. A PermaStone segmental arch tops the foundation and first story window openings. The door opening is finished with a PermaStone round-headed arch with a molded cap. The rear (north) elevation is fenestrated with a single-leaf wood-frame glass door and 1/1, double-hung, vinyl-sash windows. Each window opening has a rowlock brick sill and a two-course, rowlock brick segmental arch.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1887 by W.E. Burford, this two-story, two-bay Queen Anne-style single-family dwelling was one of ten similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a gabled roof. A triangular fixed wood light pierces the tympanum. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a molded metal cornice with brick corbeling. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door, topped by a multi-light transom, a single-leaf French door, a two-light wood fixed window, and a 1/1, double-hung, wood-sash window. All openings are topped by a soldier brick segmental arch with a header brick cap and the windows each have a concrete sill. The first story opening of the bay is further ornamented with a Queen Anne-style multi-light transom. The rear (north) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. The ell is constructed of seven-course, American-bond brick and is set on a solid foundation. Visible fenestration consists of 6/6, double-hung, wood-sash windows. Each window opening has a soldier brick segmental arch and a wood sill.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1214 and 1220 Linden Place, N.E. A wood fence surrounds the backyard of the property.

Architectural Style(s)

### Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed ca. 1890, this two-story, two-bay Queen Anne-style single-family dwelling was constructed at the same time as 1222 Linden Place, N.E. and 1232-1234 Linden Place, N.E. The dwelling is composed of a two-story main block with a one-story bay projecting from the façade and a two-story ell extending from the rear elevation. The projecting bay is original and has the same material treatment as the main block. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a mansard roof, which is covered with slate shingles. A molded metal cornice finishes the roof. A centered gable rises from the façade and is pierced by a hopper wood lunette window. A molded metal cornice with brick corbelling accents the gable. The façade is fenestrated with a single-leaf, paneled wood door with lights, topped by a single-light wood transom, single and paired 1/1, double-hung, vinyl-sash windows, and paired 1/1, double-hung, wood-sash windows, which are surmounted by a multi-light round-headed transom. Either a soldier brick segmental arch or a soldier brick round-headed arch, both with a header brick cap, surmounts all openings and each window opening has a concrete sill. The rear (north) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. An interior-rear brick chimney rises from the north elevation and has a plain cap. Visible fenestration consists of one-light fixed vinyl windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard.

### Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed ca. 1890, this two-story, two-bay Queen Anne-style single-family dwelling was constructed at the same time as 1220 Linden Place, N.E. and 1232-1234 Linden Place, N.E. The dwelling is composed of a two-story main block with a one-story bay projecting from the façade and a two-story ell extending from the rear elevation. The projecting bay is original and has the same material treatment as the main block. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a mansard roof, which is covered with slate shingles. A molded metal cornice finishes the roof. A centered gable rises from the façade and is pierced by a hopper wood lunette window. A molded metal cornice with brick corbelling accents the gable. The façade is fenestrated with a single-leaf, paneled wood door, topped by a Queen Anne-style multi-light transom, double-leaf French wood doors and single and paired 1/1, double-hung, wood-sash windows. A soldier brick segmental arch with a header brick cap surmounts all openings and each window opening has a concrete sill. Paired Queen Anne-style multi-light wood transoms further complement the paired windows on the façade. The rear (north) elevation is stuccoed and is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story stuccoed ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. An interior-rear stuccoed chimney rises from the north elevation and has a plain cap. Visible fenestration consists of 6/6, double-hung, wood-sash windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1220 and 1224 Linden Place, N.E. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in ca. 1887, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a half-hipped roof of slate shingles. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a molded metal cornice with brick corbels. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a multi-light wood transom, a 6/6, double-hung, wood-sash window, and 20-light fixed wood windows. All openings are topped by either a soldier brick segmental arch or a soldier brick round-headed arch, both with header brick caps. All window openings have a concrete sill. The first story opening of the bay is further ornamented with a Queen Anne-style, multi-light wood fanlight. The rear (north) elevation is parged and is fenestrated with a 1/1, double-hung, vinyl-sash window.

A two-story parged ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. Visible fenestration consists of a sliding glass doors and a 6/6, double-hung, wood-sash window.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed in 1890 by Joseph S. Boss, this two-story, two-bay Queen Anne-style single-family rowhouse was influenced by the Italianate style and is one of five dwellings constructed from the same permit (#0336). The dwelling is composed of a two-story main block with a full height projecting bay on the façade and a two-story ell extending from the rear (north) elevation. The projecting bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a molded metal cornice with brick corbels. Fenestration consists of a single-leaf, paneled wood door, which is topped by a stained glass transom, and single and paired 4/4, double-hung, wood-sash windows. A two-course, rowlock brick, segmental arch with a header brick cap surmounts all openings. Each window opening is also topped by paired transoms and has a concrete sill.

A two-story brick ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. Faced with stretcher-bond brick, this ell is set on a solid foundation. Visible fenestration consists of a single-leaf, paneled wood door with lights and 6/6, double-hung, wood-sash windows. Each window opening has a rowlock brick sill.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1224 and 1228 Linden Place, N.E. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1890 by Joseph S. Boss, this two-story, two-bay Queen Anne-style single-family rowhouse was influenced by the Italianate style and is one of five dwellings constructed from the same permit (#0336). The dwelling is composed of a two-story main block with a full height projecting bay on the façade and a two-story ell extending from the rear (north) elevation. The projecting bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). Multiple stringcourses span the façade. A sloping roof caps the dwelling and is fronted along the façade by a molded metal cornice with brick corbels. Fenestration consists of a single-leaf, paneled wood door, which is topped by a single-light wood transom, and single and paired 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick, segmental arch with a header brick cap surmounts all openings. The rear (north) elevation is fenestrated by 1/1, double-hung, vinyl-sash windows and paired one-light vinyl sliding windows. All openings are accented by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. This ell is set on a solid foundation and features an interior-rear brick chimney. Visible fenestration consists of a single-leaf, flush wood door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A metal chain-link fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

October 2010: Constructed in 1890 by Joseph S. Boss, this two-story, two-bay Queen Anne-style single-family rowhouse was influenced by the Italianate style and is one of five dwellings constructed from the same permit (#0336). The dwelling is composed of a two-story main block with a full height projecting bay on the façade and a two-story addition on the rear (north) elevation. The projecting bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a molded metal cornice with brick corbels. Fenestration consists of a single-leaf, wood-frame glass door, which is topped by a segmental single-light wood transom, and s1/1, double-hung, wood-sash windows. A two-course, rowlock brick, segmental arch with a header brick cap surmounts all openings. Each window opening also has a concrete sill.

A two-story, full-width addition extends from the rear (north) elevation of the dwelling and was constructed c. 2005. The rear elevation of the addition is clad with German wood siding. Visible fenestration consists of double-leaf, metal-frame glass doors and paired, one-light metal casement windows over one-light metal hopper windows. A metal deck extends from the first story of the rear elevation.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1228 and 1232 Linden Place, N.E. A metal chain-link fence surrounds the backyard of the property.

Architectural Style(s)

### Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed ca. 1890, this two-story, two-bay Queen Anne-style single-family dwelling was constructed at the same time as 1220-1222 Linden Place, N.E. and 1234 Linden Place, N.E. The dwelling is composed of a two-story main block with a one-story bay projecting on the façade and a two-story ell extending from the rear elevation. The projecting bay is original and has the same material treatment as the main block. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a mansard roof, which is covered with slate shingles. A molded metal cornice with brick corbeling finishes the roof. A centered gable rises from the façade and is pierced by a circular opening, now infilled with wood. A molded metal cornice with brick corbeling accents the gable. The façade is fenestrated with a single-leaf, paneled wood door, topped by a single-light transom, double-leaf French wood doors and single and paired 1/1, double-hung, vinyl-sash windows. Either a soldier brick segmental arch or round-headed arch surmounts all openings and each window opening has a concrete sill. A Queen Anne-style multi-light fanlight further complements the paired windows on the façade. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows, which are topped by soldier brick segmental arches.

A two-story brick ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf, paneled wood door with lights. Each opening has a soldier brick segmental arch.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The backyard is surrounded by a metal chain-link fence.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed c. 1890, this two-story, two-bay Queen Anne-style single-family dwelling was constructed at the same time as 1220-1222 Linden Place, N.E. and 1232 Linden Place, N.E. The dwelling is composed of a two-story main block with a one-story bay projecting on the façade and a two-story ell extending from the rear elevation. The projecting bay is original and has the same material treatment as the main block. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a mansard roof, which is covered with slate shingles. A molded metal cornice with brick corbeling finishes the roof. A centered gable rises from the façade and is pierced by a fixed wood circular window. A molded metal cornice with brick corbeling accents the gable. The façade is fenestrated with a single-leaf, paneled wood door, topped by a stained glass transom, double-leaf French wood doors and single and paired 1/1, double-hung, wood-sash windows. A soldier brick segmental arch surmounts all openings and each window opening has a concrete sill. Paired Queen Anne-style multi-light wood transoms further complement the paired windows on the façade. The rear (north) elevation is pierced by a large, stained glass window.

A two-story brick ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and one-light fixed wood windows. Each opening has a soldier brick segmental arch and a wood sill.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The dwelling is adjacent to 1232 and 1236 Linden Place, N.E. A tall, wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

Site Notes:

**October 2010:** Constructed in ca. 1887, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a half-hipped roof of slate shingles. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a molded metal cornice with brick corbels. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, and 1/1, double-hung, vinyl-sash windows with false 6/6 and 8/8 vinyl muntins. All openings are topped by either a two-course, rowlock brick segmental arch or a soldier brick segmental arch. All window openings have a concrete sill. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows with false 4/4 vinyl muntins.

A two-story parged ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. An interior parged chimney rises from the north elevation of the dwelling and has a plain, parged cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows with false 4/4 vinyl muntins.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in ca. 1887, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a gabled roof of asphalt shingles. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with asphalt shingles and is accented by a molded metal cornice with brick corbels. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, 1/1, double-hung, vinyl-sash windows, and one-light fixed vinyl windows, which are topped by paired one-light vinyl sliding windows. All openings are topped by either a two-course, rowlock brick segmental arch or a soldier brick segmental arch. All window openings have a concrete sill. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows.

A two-story brick ell, capped by a sloping roof, extends from the easternmost bay of the rear elevation and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A soldier brick segmental arch tops the openings.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Charles Hanback, this two-story, two-bay Queen Anne-style single-family dwelling is one of two dwellings constructed from the same permit (#1824). The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay, featuring chamfered corners, has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade of the dwelling. A sloping roof caps the dwelling and is complemented by a molded metal cornice with brick dentils. Decorative moldings ornament the façade beneath the cornice. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, 1/1, double-hung, vinyl-sash windows, paired two-light wood awning windows, and one-light fixed vinyl windows, which are topped by paired one-light vinyl sliding windows. All openings are accented by a soldier brick segmental arch with pearl molding. The rear (north) elevation is fenestrated with 2/2, double-hung, wood-sash windows.

A two-story gabled ell, capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. An interior-rear gabled chimney rises from the north elevation and has a plain cap. Visible fenestration consists of 2/2, double-hung, wood-sash windows.

A one-story enclosed porch is located on the rear elevation of the ell and was constructed ca. 1970. The wood-frame enclosed porch is clad with plywood and is fenestrated by a single-leaf door and a 1/1, double-hung, vinyl-sash window.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Charles Hanback, this two-story, two-bay Queen Anne-style single-family dwelling is one of two dwellings constructed from the same permit (#1824). The dwelling is composed of a two-story main block with a full-height projecting bay and a two-story ell extending from the rear (north) elevation. The bay, featuring chamfered corners, has the same material treatment as the main block. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade of the dwelling. A sloping roof caps the dwelling and is complemented by a molded metal cornice with brick dentils. Decorative moldings ornament the façade beneath the cornice. Two interior-side brick chimneys rise from the east (side) elevation and the southernmost chimney has a corbeled cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are accented by a soldier brick segmental arch with pearl molding. The east elevation is not fenestrated. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. All openings have a wood sill and a two-course, rowlock brick segmental arch.

A two-story ell, constructed of seven-course, American-bond brick and capped by a sloping roof, extends from the westernmost bay of the rear elevation and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Linden Place, N.E. and directly fronts the brick sidewalk. The west (side) elevation of the dwelling is adjacent to 1248 Linden Place, N.E. A wood fence surrounds the backyard of the property.

### Romanesque Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by J.H. Richards, this three-story Romanesque Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1783). Set on a solid brick foundation, this brick dwelling is faced with pressed stretcher-bond brick on the façade (east elevation). A mansard roof, covered with slate shingles, caps the dwelling and is marked by two steeply-gabled dormers on the façade and by three dormers on the south (side) elevation. Each dormer is constructed of brick and is pierced by a round-headed, 1/1, double-hung, wood-sash window. The mansard roof is finished with a molded metal cornice with dentils. A round-headed opening, accented by a three-course, rowlock brick, round-headed arch, marks the first story of the façade. Within this recessed opening, a single-leaf, flush wood door pierces the façade. A three-sided, canted oriel window projects from the second story of the façade and is fenestrated with 1/1, double-hung, wood-sash windows. The south elevation is fenestrated by round-headed, 1/1, double-hung, wood-sash windows and features two second story oriels, identical to the oriel on the façade. The rear (west) elevation is pierced by 1/1, double-hung, wood-sash windows.

A one-story brick ell, original to the dwelling, extends from the rear elevation. Set on a solid foundation, this ell is capped by a flat roof, which serves as a second story deck. Visible fenestration consists of 1/1, double-hung, wood-sash windows and a single-leaf door.

Site Notes:

**October 2010:** This three-story, single-family rowhouse is located on the northwest corner of 13th Street, N.E. and Linden Place, N.E. A small front yard is marked by mature shrubs and foundation plantings and the south (side) elevation directly fronts the brick sidewalk. The backyard is surrounded by a brick wall.

### Romanesque Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1892 by J.H. Richards, this three-story Romanesque Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1783). Set on a solid brick foundation, this brick dwelling is faced with pressed stretcher-bond brick on the façade (east elevation). A sloping roof caps the dwelling and is finished with a molded metal cornice with dentils. A large, round-headed opening, accented by a three-course, rowlock brick, round-headed arch, marks the first story of the façade. Within this recessed opening, a replacement single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows pierce the façade. A three-sided, canted oriel window projects from the second story of the façade and is fenestrated with 1/1, double-hung, vinyl-sash windows. The third story is marked by round-headed openings, which are surmounted by two-course, rowlock brick round-headed arches, and hold 1/1, double-hung, vinyl-sash windows with one-light fixed wood fanlights. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch.

Site Notes:

October 2010: This three-story, single-family rowhouse is located on the west side of 13th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is surrounded by a brick wall and is marked by mature shrubs and foundation plantings. The backyard was not visible from the public right-of-way.

### Romanesque Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1892 by J.H. Richards, this three-story Romanesque Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1783). Set on a solid brick foundation, this brick dwelling is faced with pressed stretcher-bond brick on the façade (east elevation). A sloping roof caps the dwelling and is finished with a molded metal cornice with brick corbels and a checkerboard brick frieze. A molded metal architrave with dentils spans the second story of the façade. A large, round-headed opening, accented by a three-course, rowlock brick, round-headed arch, marks the first story of the façade. Within this recessed opening, a single-leaf, wood-frame glass door with sidelights pierces the façade. A three-sided, canted oriel window projects from the second story of the façade and is fenestrated with 1/1, double-hung, vinyl-sash windows. The third story is marked by round-headed openings, which are surmounted by two-course, rowlock brick round-headed arches, and hold 1/1, double-hung, vinyl-sash windows. The rear (west) elevation was not visible from the public right-of-way.

Site Notes:

October 2010: This three-story, single-family rowhouse is located on the west side of 13th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is laid with brick and is landscaped with mature shrubs. The backyard was not visible from the public right-of-way.

### Romanesque Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1892 by J.H. Richards, this three-story Romanesque Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1783). Set on a solid brick foundation, this brick dwelling is faced with pressed stretcher-bond brick on the façade (east elevation). A mansard roof, covered with slate shingles, caps the dwelling and is marked by two steeply-gabled dormers on the façade and by three dormers on the north (side) elevation. Each dormer is constructed of brick and is pierced by a round-headed, 1/1, double-hung, wood-sash window. The mansard roof is finished with a molded metal cornice with dentils. A round-headed opening, accented by a three-course, rowlock brick, round-headed arch, marks the first story of the façade. Within this opening, double-leaf, paneled wood doors with lights pierce the façade. A three-sided, canted oriel window projects from the second story of the façade and is fenestrated with 1/1, double-hung, vinyl-sash windows with false multi-light vinyl muntins. The north elevation is fenestrated by single and paired fixed windows. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story brick ell, original to the dwelling, extends from the rear elevation. Set on a solid foundation, this parged ell is capped by a flat roof. Visible fenestration consists of 1/, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the west side of 13th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs, small trees, and foundation plantings. A wood fence surrounds the back yard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.A. Blundon, this two-story, two-bay Queen Anne-style rowhouse is one of four similar dwellings constructed from the same permit (#2131). The dwelling is composed of a two-story main block with a full height projecting bay on the façade (west elevation) and a full height canted bay rising along the north (side) elevation. The projecting bay on the façade has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Molded metal cornice with scrolled modillions and plain frieze finish this roof. Set on a solid, brick foundation, the main block is constructed of brick and is faced with stretcher-bond brick on the façade. Multiple brick and molded metal stringcourses span the façade. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard, which is finished with a molded metal cornice. An interior-side brick chimney rises from the north elevation and has a plain cap. Fenestration on the façade consists of a single-leaf, paneled wood door (surmounted by a single-light fanlight), 1/1, double-hung, wood-sash windows, and paired openings, covered with metal grates. Foundation openings are topped by gauged brick segmental arches, first story openings are accented by gauged brick segmental arches with molded brick caps, and the primary entry is ornamented by a gauged brick round-headed arch with a molded brick cap. The north elevation is pierced by 2/2, double-hung, wood-sash windows and paired 1/1, double-hung, wood-sash windows. The rear (east) elevation features fenestration that is consistent with the north elevation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast corner of 12th Street, N.E. and Linden Place, N.E. and is set back approximately fifteen feet from the sidewalk. The level, grassy front yard is marked by mature shrubs and is bisected by a concrete walkway. A metal fence surrounds the front yard of the property. A brick sidewalk runs parallel to the north (side) elevation of the dwelling.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 12th Street, N.E. and is set back approximately fifteen feet from the public sidewalk. The front yard is landscaped with mature shrubs, trees, and foundation plantings and is bisected by a concrete walkway. A metal fence surrounds the front yard and a wood fence encircles the backyard.

Site Notes:

**October 2010:** Constructed in 1892 by F.A. Blundon, this two-story, two-bay Queen Anne-style rowhouse is one of four similar dwellings constructed from the same permit (#2131). The dwelling is composed of a two-story main block with a full height projecting bay on the façade (west elevation) and a two-story ell extending from the rear (east) elevation. The projecting bay on the façade has the same material treatment as the main block and is capped by a flat roof that is finished with a boxed metal cornice. Set on a solid, brick foundation, the main block is constructed of brick and is faced with stretcher-bond brick on the façade. Multiple brick and molded metal stringcourses span the façade. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard, which is finished with a boxed metal cornice. Fenestration on the façade consists of a single-leaf, paneled wood door (surmounted by a single-light fanlight), and single and paired 1/1, double-hung, vinyl-sash windows. First story openings are accented by rock-faced concrete lintels and the primary entry is ornamented by a gauged brick round-headed arch with a molded brick cap.

A two-story, two-bay brick ell, capped by a sloping roof, extends from the southernmost bay of the rear elevation and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

### Queen Anne

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.A. Blundon, this two-story, two-bay Queen Anne-style rowhouse is one of four similar dwellings constructed from the same permit (#2131). The dwelling is composed of a two-story main block with a full height projecting bay on the façade (west elevation) and a two-story ell extending from the rear (east) elevation. The projecting bay on the façade has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. A molded metal cornice with scrolled modillions and a frieze with decorative ornamentation finish this roof. Set on a solid, brick foundation, the main block is constructed of brick and is faced with stretcher-bond brick. Multiple brick and molded metal stringcourses span the façade. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard, which is finished with a boxed metal cornice with decorative molding. Fenestration on the façade consists of a single-leaf, wood-frame glass door (surmounted by a single-light wood fanlight), 1/1, double-hung, vinyl-sash windows, and one-light fixed vinyl windows. First story openings are accented by gauged brick segmental arches with molded brick caps and a gauged brick round-headed arch with a molded brick cap ornaments the primary entry.

A two-story, two-bay brick ell, capped by a sloping roof, extends from the southernmost bay of the rear (east) elevation and is original. Visible fenestration consists of a single-leaf door and 1/1, double-hung, wood-sash windows. A two-course, rowlock brick segmental arch accents all openings.

Site Notes:

**October 2010:** This two-story, two-bay single-family rowhouse is located on the east side of 12th Street, N.E. and is set back approximately fifteen feet from the public sidewalk. The front yard is landscaped with mature trees, shrubs, and foundation plantings. A stone walkway leads from the public sidewalk and ends at the primary entrance of the dwelling. A fence surrounds the front yard and a wood fence encircles the backyard of the property.

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.A. Blundon, this two-story, two-bay Queen Anne-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2514). The dwelling is composed of a two-story main block with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is accented by a decorative balustrade on the flat roof. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Various molded brick and molded metal stringcourses span the façade. A sloping roof caps the dwelling and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is accented by a boxed cornice with pressed metal ornamentation. A pyramidal turret, covered with slate shingles, rises above the southernmost bay of the façade and is pierced by single-light wood windows. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights, topped by a single-light fanlight, and single and paired 1/1, double-hung, vinyl-sash windows. A rock-faced concrete stringcourse surmounts the first story openings and the door opening is finished with a gauged brick round-headed arch with a molded cap. The south (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. The rear (east) side elevation is pierced by a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows. All openings are accented by two-course, rowlock brick segmental arches.

Site Notes:

**October 2010:** This two-story, two-bay single-family rowhouse is located on the east side of 12th Street, N.E. and is set back approximately fifteen feet from the public sidewalk. The level, front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal milled point fence. A concrete walkway provides access to the primary entrance from the public sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting rectangular bay, featuring chamfered corners with brick corbelling, rising the full height of the façade. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Bands of decorative molding ornaments the bay. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick and molded metal cornices span the façade of the dwelling. A sloping roof caps the building and is fronted along the façade by a false mansard roof. The false mansard is covered with slate shingles and is ornamented with a molded metal cornice with brick dentils. An interior-side parged chimney rises from the north (side) elevation. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights, surmounted by a single-light transom, one-light, fixed vinyl windows and 1/1, double-hung, vinyl-sash windows. All openings are accented by a gauged brick segmental arch. The north elevation is pierced by 1/1, double-hung, vinyl-sash windows. The rear (east) elevation is stuccoed. Visible fenestration consists of a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the east side of 12th Street, N.E. and is set back approximately fifteen feet from the public right-of-way. The level, front yard is marked by mature shrubs and foundation plantings. A concrete walkway leads from the primary entrance of the dwelling and ends at the public sidewalk. A wood fence surrounds the backyard of the property.

**October 2010: A one-story, one-bay shed, constructed ca. 2000, is located north of the dwelling. The wood-frame shed is clad with T-111 siding and is capped by a sloping roof. A single-leaf metal door pierces the west elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010: Constructed in 1892 by F.H. Duchay, this two-story, four-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting rectangular bay, which features chamfered corners and brick corbelling, and a round bay, capped by a conical roof of asphalt shingles, rising the full height of the façade. Both bays have the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice with brick dentils. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights, surmounted by a single-light fanlight, a single-leaf, paneled wood door, 1/1, double-hung, vinyl-sash windows, and one-light fixed vinyl windows with flanking one-light vinyl casement windows. A gauged brick round-headed arch accents the door opening. A gauged brick segmental arch accents all window openings and the casement and fixed vinyl windows are topped by single-light vinyl transoms. The side elevations feature fenestration that is similar to the façade.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the northeast corner of 12th Street, N.E. and G Street, N.E. and is set back approximately fifteen feet from the public sidewalk. The grassy front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal milled point fence with brick pillars. A concrete driveway is located west of the dwelling. A brick wall surrounds the side yard.**

The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, and single and paired 1/1, double-hung, wood-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch and a wood sill.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and is surrounded by a honeycomb brick wall. A brick walkway leads from the sidewalk to the primary entrance. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting rectangular bay, featuring chamfered corners and brick corbelling, rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights, surmounted by a single-light transom, single-light fixed wood windows, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are accented by a gauged brick segmental arch. The rear (east) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf, wood door with lights and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch accents all openings.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and features a concrete walkway. A metal fence surrounds the front yard. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights, surmounted by a single-light transom, paired two-light sliding vinyl windows, and 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation is parged and is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch accents each window opening.

A one-story, full-width wood-frame addition is located on the rear elevation of the ell and was constructed ca. 1980. The addition is clad with vinyl siding and is capped by a shed roof. Visible fenestration consists of a single-leaf, multi-light wood door and paired one-light vinyl sliding windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The landscaped front yard is marked by mature shrubs and is surrounded by a metal hairpin fence. A concrete walkway leads from the sidewalk to the primary entrance. A wood fence surrounds the backyard of the property.

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, flush wood door with a diamond light, surmounted by a single-light transom, single-light wood windows, and 1/1, double-hung, wood-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch accents each window opening.

A one-story, full-width wood-frame addition is located on the rear elevation of the ell and was constructed ca. 1975. The addition, set on a wood post foundation, is clad with vertical board siding and is capped by a shed roof. Visible fenestration consists of a single-leaf door and 1/1, double-hung, metal-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The landscaped front yard is marked by mature shrubs and is encircled by a metal hairpin fence. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled metal door with lights, surmounted by a single-light transom, 1/1, double-hung, vinyl-sash windows, and paired one-light vinyl sliding windows. A gauged brick segmental arch accents all openings. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and double-leaf, wood-frame glass doors, which are surmounted by a transom. A two-course, rowlock brick segmental arch accents each window opening. A deck projects from the rear elevation of the ell.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The dwelling is adjacent to 1210 and 1214 G Street, N.E. The front yard is marked by mature shrubs and features a brick walkway. A metal fence surrounds the front yard. A wood fence surrounds the backyard of the property.

**Shed**

Outbuilding Notes:

**October 2010: A one-story, one-bay shed, constructed ca. 1990, is located south of the dwelling. The shed is clad with standing-seam metal and is capped by a side-gabled roof, also of standing-seam metal. Double-leaf metal doors fenestrate the building.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010: Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and is ornamented by a gabled parapet. Set on a solid, brick foundation, this brick dwelling is covered with PermaStone on the facade. A sloping roof caps the building and is finished with a molded metal cornice. The façade (south elevation) is fenestrated with a single-leaf, multi-light wood door, surmounted by a single-light transom, one-light wood windows, and 1/1, double-hung, vinyl-sash windows. PermaStone keystones accent each opening. The rear (north) elevation was not visible from the public right-of-way.**

**A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch and a wood sill finish each window opening.**

**A one-story, enclosed porch, set on a brick pier foundation, is located on the rear elevation of the ell and was constructed ca. 1980. The wood-frame enclosed porch is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, metal-sash windows and a single-leaf door with a transom.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard, which is surrounded by a metal fence, is landscaped with mature shrubs. The backyard is surrounded by a wood fence.**

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and features chamfered corners with brick corbeling. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled metal door with an oval light, surmounted by a single-light transom, glass blocks, and single and paired 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An exterior-side brick chimney rises from the east elevation and has a plain cap. Visible fenestration consists of a single-leaf, paneled metal door with a single-light transom, and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch accents each window opening.

A one-story, one-bay porch spans the rear elevation of the ell and was constructed ca. 1980. The wood-frame porch is set on a pier foundation and has a sloping roof supported by square wood posts. Square wood balusters encircle the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard, which is surrounded by a metal fence, is landscaped with mature shrubs and foundation plantings. A concrete walkway leads from the primary entrance and ends at the public sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and features chamfered corners with brick corbeling. Additionally, a pyramidal roof of slate shingles, ornamented by a finial, caps the bay. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, and single and paired 1/1, double-hung, wood-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation was not visible from the public right-of-way.

A two-story stuccoed brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior brick chimney pierces the roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

A one-story, full-width porch spans the rear elevation of the ell. Square wood posts support the asphalt-shingled shed roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard, which is surrounded by a metal fence, is landscaped with mature shrubs and foundation plantings. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and features chamfered corners with brick corbeling. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses span the façade of the dwelling. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, and single and paired 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch accents all openings. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening is finished with a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-side brick chimney pierces the roof and has a plain cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch.

A one-story, full-width addition is located on the rear elevation of the ell and was constructed ca. 1995. The wood-frame addition is clad with German vinyl siding and is capped by a shed roof of asphalt shingles. Fenestration consists of a single-leaf door and paired 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. Mature shrubs and foundation plantings mark the front yard, which is surrounded by a metal fence. A concrete walkway leads from the primary entrance and ends at the public sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting, canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Additionally, a pyramidal roof, covered with slate shingles and topped by a finial, caps the bay. Set on a solid, brick foundation, this brick dwelling is covered with Permastone. A sloping roof caps the building and is finished with a molded metal cornice. The façade (south elevation) is fenestrated with a single-leaf, multi-light wood door, surmounted by a single-light transom, and single-light wood fixed windows. A jack arch or segmental arch, composed of Permastone, ornaments each opening. The rear (north) elevation is fenestrated with 2/2, double-hung, wood-sash windows. Each opening is finished with a two-course, rowlock brick segmental arch.

A two-story ell, capped by a sloping roof and constructed of seven-course, American-bond brick, extends from the rear elevation of the dwelling and is original. An interior-side brick chimney rises from the east (side) elevation of the ell and has a plain cap. Visible fenestration consists of 2/2, double-hung, wood-sash windows. Each opening has a two-course, rowlock brick segmental arch and a wood sill.

A one-story, full-width enclosed wood-frame porch is located on the rear elevation of the ell. The enclosed porch is clad with asbestos shingles and is capped by a shed roof. Visible fenestration consists of sliding glass doors.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and is surrounded by a metal fence. A concrete walkway leads from the primary entrance and ends at the sidewalk. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting, canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Additionally, a pyramidal roof, covered with asphalt shingles and topped by a finial, caps the bay. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the facade. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. An interior brick chimney pierces the roof and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, paired one-light vinyl sliding windows, and 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch ornaments each opening. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening is finished with a two-course, rowlock brick segmental arch.

A two-story ell, capped by a sloping roof and constructed of seven-course, American-bond brick, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf, paneled metal door with lights (topped by a single-light transom), and 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch. A wood deck extends from the rear elevation of the ell.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The landscaped front yard is marked by mature shrubs and is surrounded by a metal fence. A concrete walkway provides access to the primary entrance from the public sidewalk. A wood fence surrounds the backyard of the property.

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting, canted bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the facade. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. An interior brick chimney pierces the roof and has a plain cap. The façade (south elevation) is fenestrated with a replacement, single-leaf, paneled wood door with lights, surmounted by a single-light transom, paired one-light vinyl sliding windows, and 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch ornaments each opening. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening is finished with a two-course, rowlock brick segmental arch and a metal-clad sill.

A two-story ell, capped by a sloping roof and constructed of seven-course, American-bond brick, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf, paneled door with lights (topped by a single-light transom), a 6/6, double-hung, wood-sash window, and 1/1, double-hung, vinyl-sash windows. Each opening has a two-course, rowlock brick segmental arch.

A one-story, full-width porch spans the rear elevation of the ell and was constructed ca. 1960. The shed roof is covered with standing-seam metal and is supported by square wood posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and is surrounded by a metal fence. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting, bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and features chamfered corners with brick corbeling. Additionally, a pyramidal roof, covered with asphalt shingles and topped by a finial, caps the bay. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the facade. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. An interior brick chimney pierces the roof and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door, surmounted by a single-light transom, single-light wood fixed windows, and single and paired 1/1, double-hung, wood-sash windows. A gauged brick segmental arch ornaments each opening. The rear (north) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, wood-sash windows. A two-course, rowlock brick segmental arch finishes each window.

A one-story, full-width addition, constructed ca. 1980, is located on the rear elevation of the ell. The wood-frame addition is clad with vinyl siding and is capped by a shed roof. Visible fenestration consists of a single-leaf, paneled wood door with lights and a paired 1/1, double-hung, wood-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The landscaped front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal fence. A wood fence surrounds the backyard of the property.

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.H. Duchay, this two-story, two-bay Queen Anne-style single-family dwelling is one of twenty-three similar dwellings constructed from the same permit (#2736). The dwelling is composed of a two-story main block with a projecting bay rising the full height of the façade and a two-story ell extending from the rear (north) elevation. The bay has the same material treatment as the main block and features chamfered corners with brick corbeling. Set on a solid, brick foundation, this brick dwelling is faced with stretcher-bond brick on the facade. A sloping roof caps the building and is finished with a molded metal cornice and brick dentils. An interior brick chimney pierces the roof and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights, surmounted by a single-light transom, single-light awning windows, and single and paired 1/1, double-hung, vinyl-sash windows. A gauged brick segmental arch ornaments each opening. The rear (north) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch finishes each opening.

A two-story parged brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch finishes each window.

A one-story addition is located on the rear elevation of the ell and was constructed ca. 1980. The wood-frame addition is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, paneled metal door with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and English ivy and is surrounded by a metal fence. A concrete walkway leads from the primary entrance and exits at the public sidewalk. A wood fence surrounds the backyard of the property.

**October 2010: This one-story, one-bay prefabricated shed, constructed ca. 1980, is located north of the dwelling. The wood-frame shed is clad with standing-seam metal and is capped by a front-gabled roof; also of standing-seam metal.**

Double-leaf metal doors pierce the east elevation.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

October 2010: Constructed in 1925 by Cafritz Construction Company, this two-story, two-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#9511). Set on a solid foundation, this brick dwelling is faced with five-course, American-bond brick on the façade (south elevation). A sloping roof caps the dwelling and is fronted along the façade by a stepped parapet. A decorative molded concrete panel, featuring a swag motif, is centrally located on the parapet. A two-course brick stringcourse, with brick dentils, spans the façade. A single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows mark the façade. A one-story, full-width porch spans the façade and is set in a brick pier foundation with decorative concrete block infill. The flat roof, accented by overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (north) elevation of the dwelling. The wood-frame enclosed porch is clad with aluminum siding and is set on a pared foundation. Visible fenestration consists of a single-leaf, paneled wood door and 1/1, double-hung, vinyl-sash windows. A one-story, one-bay porch is located on the rear elevation of the enclosed porch and is set on a brick pier foundation. The metal awning roof is supported by metal filigree posts.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and is surrounded by a metal fence. A concrete walkway leads from the front porch of the dwelling to the public sidewalk. A metal chain-link fence surrounds the back yard of the property.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1925 by the Cafritz Construction Company, this two-story, two-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#9511). Set on a solid foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a curvilinear parapet. A decorative molded concrete panel, featuring a swag motif, is centrally located on the parapet. A two-course brick stringcourse, with brick dentils, spans the façade (south elevation). A single-leaf, wood-frame glass door, and single and paired 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins mark the façade. A one-story, full-width porch spans the façade and is set in a brick pier foundation with decorative wood lattice infill. Tuscan wood columns support the flat roof, which is accented by overhanging eaves. A metal balustrade finishes the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (north) elevation of the dwelling. The wood-frame enclosed porch is clad with T-111 siding and is set on a brick pier foundation. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2011:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The small front yard is marked by mature shrubs and is surrounded by a metal milled point fence. A concrete walkway provides access to the property from the sidewalk. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1925 by the Cafritz Construction Company, this two-story, two-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#9511). Set on a solid foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a curvilinear parapet. A decorative concrete panel, featuring a ornamental molding, is centrally located on the parapet. An interior-rear brick chimney rises from the north elevation and has a corbeled brick cap. A two-course brick stringcourse, with brick dentils, spans the façade (south elevation). A single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins mark the façade. A one-story, full-width porch spans the façade and is set in a brick pier foundation with decorative wood lattice infill. Paneled square wood posts support the flat roof, which is accented by overhanging eaves. Square wood balusters finish the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (north) elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding. Visible fenestration consists of a single-leaf, multi-light door and tripartite windows composed of a single-light vinyl fixed window and flanking 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The grassy front yard is marked by small trees and mature shrubs and is surrounded by a metal milled point fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1925 by the Cafritz Construction Company, this two-story, two-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#9511). Set on a solid foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a stepped parapet. A decorative concrete panel, featuring ornamental swag molding, is centrally located on the parapet. An interior-rear brick chimney rises from the north elevation and has a plain brick cap. A two-course brick stringcourse, with brick dentils, spans the façade (south elevation). A single-leaf, flush wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins mark the façade. A one-story, full-width porch spans the façade and is set in a brick pier foundation with wood lattice infill. Paneled square wood posts support the flat roof, which is accented by overhanging eaves. Square wood balusters finish the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (north) elevation of the dwelling. The wood-frame enclosed porch is clad with aluminum siding. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows. A wood deck extends from the rear elevation of the enclosed porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of G Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is surrounded by a metal milled point fence. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1925 by the Cafritz Construction Company, this two-story, two-bay Classical Revival-style rowhouse originally served as a multiple dwelling and is one of six similar dwellings constructed from the same permit (#9511). The dwelling is composed of a two-story main block, with a rectangular bay rising the full height of the east (side) elevation and a two-story ell extending from the rear (north) elevation. The south elevation reads as the façade (remaining consistent with 1240-1248 G Street, N.E.), although the primary entrance fronts 13th Street, N.E. Set on a solid foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the dwelling and is fronted along the façade by a curvilinear parapet. A decorative concrete panel, featuring ornamental swag molding, is centrally located on the parapet. A two-course brick beltcourse, with brick dentils, encircles the dwelling. A single-leaf, wood door, flanked by single-light sidelights, and 1/1, double-hung, vinyl-sash windows mark the south elevation. A one-story, full-width porch spans the south elevation and is set on a brick pier foundation with wood lattice infill. Square wood posts support the flat roof, which is accented by overhanging eaves. Square wood balusters finish the porch. The east elevation features fenestration that is consistent with the south elevation.

A two-story brick ell extends from the rear elevation of the dwelling and has the same material treatment as the main block. Original, this ell is capped by a sloping roof. Visible fenestration consists of a roll-up, paneled metal door and single and paired 1/1, double-hung, vinyl-sash windows. A one-story, one-bay porch is located on the west elevation of the ell and has a flat roof supported by square wood posts. The porch shelters the primary entrance, a single-leaf, paneled wood door with lights, on the rear elevation of the main block.

Site Notes:

**October 2010:** This two-story rowhouse is located on the northwest corner of G Street, N.E. and 13th Street, N.E. and is set back approximately ten feet from the brick sidewalk. The grassy yard is landscaped with mature shrubs and foundation plantings and is bounded by a stone retaining wall topped by a metal milled point fence. A driveway is located north of the dwelling and provides access to an integrated garage.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1905 by Burgess & Parsons, this two-story, three-bay Classical Revival-style duplex is one of four similar dwellings constructed from the same permit (#1350). Set on a solid, brick foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the dwelling and is accented by a molded metal cornice with brick corbelling. The façade (east elevation) is fenestrated with two, single-leaf, flush metal doors, topped by five-light transoms, and 1/1, double-hung, vinyl-sash windows. Rock-faced concrete lintels surmount the first story openings and soldier brick segmental arches top the second story openings. The south (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows, which are topped by two-course, rowlock brick segmental arches. The rear (west) elevation is pierced by a single-leaf, paneled wood door and 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches accent each opening.

Site Notes:

**October 2010:** This two-story duplex is located on the west side of 13th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings. A brick walkway leads from the public sidewalk and ends at each entrance on the façade. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1905 by Burgess & Parsons, this two-story, three-bay Classical Revival-style duplex (now a single-family dwelling) is one of four similar dwellings constructed from the same permit (#1350). Set on a solid, brick foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick beltcourses encircle the building. A sloping roof caps the dwelling and is accented by a molded metal cornice with brick corbelling. An interior-side brick chimney rises from the north (side) elevation and has a corbeled brick cap. The façade (east elevation) is fenestrated with a replacement, single-leaf paneled metal door with lights and 1/1, double-hung, vinyl-sash windows. Rock-faced concrete lintels surmount the first story openings and soldier brick segmental arches top the second story openings. The north (side) elevation features fenestration that is consistent with the façade. All openings on the north elevation are topped by soldier brick segmental arches. Visible fenestration on the rear (west) elevation consists of 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches top each window opening.

Site Notes:

**October 2010:** This two-story dwelling is located on the southwest corner of 13th Street, N.E. and Linden Place, N.E. and is set back approximately fifteen feet from the sidewalk, which lines 13th Street, N.E. The grassy front yard is marked by mature shrubs and foundation plantings. A metal picket fence surrounds the front yard, which is accessed from the public sidewalk by a concrete walkway. The rear yard is surrounded by a concrete block wall.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

October 2010: Constructed in 1905 by Burgess & Parsons, this two-story, two-bay Classical Revival-style duplex (now a single-family dwelling) is one of four similar dwellings constructed from the same permit (#1351). Set on a solid, brick foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the facade. A sloping roof caps the dwelling and is accented by a molded metal cornice with brick corbelling. An interior-side brick chimney rises from the east (side) elevation and has a plain brick cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door, 1/1, double-hung, vinyl-sash windows, and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Rock-faced concrete lintels surmount the first story openings and soldier brick segmental arches top the second story openings. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins and single-leaf doors topped by single-light transoms.

Site Notes:

October 2010: This two-story dwelling is located on the south side of Linden Place, N.E. and almost directly fronts the brick sidewalk. Mature foundation plantings ornament the façade of the dwelling. A wood fence surrounds the backyard of the property.

The façade (north elevation) is fenestrated with two, single-leaf, paneled wood doors, surmounted by single-light transoms, and 6/6, double-hung, wood-sash windows. Rock-faced concrete lintels surmount the first story openings and soldier brick segmental arches top the second story openings. Visible fenestration on the rear (south) elevation consists of a single-leaf, multi-light wood door, and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Two-course, rowlock brick segmental arches accent each opening. A two-story deck extends from the rear elevation of the dwelling and is set on a metal post foundation.

Site Notes:

**October 2010:** This two-story duplex is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

### Queen Anne

Exterior & Architectural Notes:

**October 2010:** Constructed in 1899 by Walton Brothers, this two-story, two-bay Queen Anne-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#1192). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade, and a two-story brick ell extending from the rear (south) elevation. The bay has the same material treatment as the main block. Set on a solid concrete foundation, this brick & stone dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is accented by a molded metal cornice. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door, topped by a single-light transom, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are surmounted by a stone lintel.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. All openings are topped by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. Mature foundation plantings ornament the façade. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1899 by Walton Brothers, this two-story, two-bay Queen Anne-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#1192). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade, and a two-story brick ell extending from the rear (south) elevation. The bay has the same material treatment as the main block. Set on a solid concrete foundation, this brick & stone dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is accented by a molded metal cornice. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door, topped by a single-light transom, 1/1, double-hung, vinyl-sash windows, and fixed two-light or three-light wood windows. All openings are surmounted by a stone lintel. The rear (south) elevation is pierced by 1/1, double-hung, wood-sash windows. Each opening has a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-side brick chimney rises from the west (side) elevation and has a plain cap. Visible fenestration consists of double-leaf doors with a transom and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. Mature shrubs accent the foundation of the façade. A wall surrounds the backyard of the property.

Outbuilding Notes:

**October 2010: A one-story, one-bay shed, constructed ca. 2000, is located south of the dwelling. The wood-frame shed is clad with T-111 siding and is capped by a front-gabled roof of asphalt shingles. Fenestration was not visible from the public right-of-way.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of eight similar dwellings constructed from the same permit (#0786). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. A boxed metal cornice, with pressed metal ornamentation and scrolled modillions, finishes the roof. A sloping roof caps the main block and is fronted along the façade by a false mansard roof. Slate shingles cover the false mansard roof, which is complemented by a boxed metal cornice with pressed metal ornamentation. Fenestration on the façade consists of a single-leaf, wood-frame glass door, topped by a single-light fanlight, a single-leaf, paneled wood door, one-light fixed vinyl windows, and single and paired 1/1, double-hung, vinyl-sash windows. Foundation and first story openings piercing the bay are topped by rock-faced concrete lintels. A gauged brick, round-headed arch tops the door opening. The rear (south) elevation is pieced by 1/1, double-hung, vinyl-sash windows and a single-leaf wood-frame glass door. Two-course, rowlock brick segmental arches surmount most openings. A wood deck extends from the rear elevation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of eight similar dwellings constructed from the same permit (#0786). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is topped by a molded balustrade. A boxed metal cornice, with pressed metal ornamentation and a frieze with decorative molding finish the bay. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade (north elevation). A sloping roof caps the main block and is fronted along the façade by a false mansard roof. Slate shingles cover the false mansard roof, which is complemented by a boxed metal cornice with pressed metal ornamentation. Fenestration on the façade consists of a single-leaf, paneled wood door, topped by a single-light fanlight, a single-leaf, wood-frame glass door, and single and paired 1/1, double-hung, wood-sash windows. Foundation openings are topped by gauged brick segmental arches and first story openings surmounted by rock-faced concrete lintels. A gauged brick, round-headed arch tops the door opening. The rear (south) elevation is stuccoed and is pieced by sliding vinyl-frame glass doors, topped by a transom, and a 1/1, double-hung, wood-sash window. A deck extends from the rear elevation of the dwelling.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

### Queen Anne

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of eight similar dwellings constructed from the same permit (#0786). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is finished with a molded metal cornice, brick corbeling, and a metal frieze, with pressed metal ornamentation. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade (north elevation). A sloping roof caps the main block and is complemented by a molded metal cornice with block modillions. Fenestration on the façade consists of a single-leaf, paneled wood door, topped by a single-light fanlight, a single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, wood-sash windows. Foundation openings on the bay are topped by gauged brick segmental arches and first and second story openings are surmounted by soldier brick segmental arches. A gauged brick, round-headed arch tops the door opening and second story opening on the main block. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of eight similar dwellings constructed from the same permit (#0786). The dwelling is composed of a two-story main block, with a full-height projecting circular bay on the façade. The bay has the same material treatment as the main block and is finished with a molded metal cornice and block modillions. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade (north elevation). A sloping roof caps the main block and is complemented by a molded metal cornice with block modillions. Fenestration on the façade consists of a single-leaf, paneled wood door, topped by a single-light fanlight, a single-leaf wood door, and 1/1, double-hung, vinyl-sash windows. All bay openings are surmounted by a rock-faced concrete lintel. A gauged brick, round-headed arch tops the door opening and second story opening on the main block is topped by a soldier brick segmental arch. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by F.A. Blundon, this two-story, two-bay Queen Anne-style single-family dwelling was constructed from permit #1625.. The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is finished with a molded metal cornice, brick corbeling, and a metal frieze, with pressed metal ornamentation. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses span the façade (north elevation). A sloping roof caps the main block and is complemented by a paneled parapet, a molded metal cornice, and block modillions. Fenestration on the façade consists of a recessed, single-leaf, paneled wood door, a single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows. Foundation openings on the bay are topped by gauged brick segmental arches and first and second story openings are surmounted by soldier brick segmental arches with molded brick caps. A gauged brick, round-headed arch tops the door opening and second story opening on the main block is accented by a soldier brick segmental arch with a molded brick cap. Visible fenestration on the stuccoed rear (south) elevation consists of a single-leaf, paneled metal door with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of four similar dwellings constructed from the same permit (#0400). The dwelling is composed of a two-story main block with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is capped by a flat roof. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses ornament the façade. A sloping roof caps the building and is fronted along the façade by a false mansard roof. Slate shingles cover the roof, which is finished with a boxed metal cornice with pressed metal ornamentation. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light fanlight), a single-leaf, wood-frame glass door, and single and paired 1/1, double-hung, vinyl-sash windows. Various lintels accent the façade openings and consist of gauged brick segmental arches, rock-faced concrete lintels, and gauged brick round-headed arches. The rear (south) elevation is stuccoed and is pierced by 1/1, double-hung, vinyl-sash windows and a single-leaf door with lights.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A wood fence surrounds the backyard of the property.

**Shed**

Outbuilding Notes:

**October 2010: A one-story, one-bay prefabricated shed, constructed ca. 1975, is located south of the dwelling. The shed is clad with standing-seam metal and is capped by a gabled roof. Standing-seam metal covers the roof. Double-leaf metal doors pierce the west elevation of the shed.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1892 by Blundon & Watts, this two-story, two-bay Queen Anne-style single-family dwelling is one of four similar dwellings constructed from the same permit (#0400). The dwelling is composed of a two-story main block, with a full-height projecting bay on the façade. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. A boxed metal cornice, with pressed metal ornamentation, scrolled modillions, and a molded metal frieze finish the roof. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick. Multiple stringcourses ornament the façade. A sloping roof caps the main block and is fronted along the façade by a false mansard roof. Slate shingles cover the false mansard roof, which is complemented by a boxed metal cornice with pressed metal ornamentation. An interior brick chimney pierces the roof. Fenestration on the façade consists of a single-leaf, paneled wood door, topped by a single-light fanlight, a single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows. Foundation bay openings are topped by gauged brick segmental arches, first story bay openings are surmounted by gauged brick segmental arches with molded brick caps, and the door opening is accented by a gauged brick round-headed arch. The rear (south) elevation is pieced by a single-leaf, paneled wood door with lights (topped by a single-light transom), 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches surmount all openings.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Linden Place, N.E. and directly fronts the brick sidewalk. A metal chain-link fence and wood fencing surround the backyard of the property.
