### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. Each dormer is pierced by an eight-light wood window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, complemented by overhanging eaves, is supported by Tuscan wood columns. The southwest (side) elevation features a full-height projecting bay and is fenestrated with single-light windows. Single-leaf, paneled wood doors with lights and 1/1, and 6/6, double-hung, wood-sash windows pierce the rear elevation. A two-story porch projects from the rear elevation and is capped by a sloping roof. Square wood posts support each level of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest corner of C Street, N.E. and Tennessee Avenue, N.E. and is set back approximately fifteen feet from the sidewalk. A stone retaining wall bounds the southeastern edge of the grassy yard, which is marked by mature shrubs and foundation plantings. A concrete walkway provides access to the front porch of the dwelling from the public sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired eight-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, flush wood door with a diamond light (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts. Single-leaf, paneled wood doors with lights and 1/1, double-hung, wood-sash windows pierce the rear elevation. Two- or three-course, rowlock brick segmental arches ornament each opening. A two-story deck projects from the rear elevation and is supported by square wood posts.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the sidewalk. The raised front yard is bounded by a stone retaining wall and is surrounded by a metal chain-link fence. Mature shrubs mark the property. A concrete walkway provides access to the property from the public sidewalk. A fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired eight-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, complemented by overhanging eaves, is supported by brick posts, which are set on brick pedestals.

A two-story, full-width enclosed porch is located on the rear (northwest) elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A one-story deck, set on a square wood post foundation, is located on the rear elevation of the enclosed porch.

A one-story, one-bay attached garage extends from the foundation of the rear elevation. The brick garage is capped by a flat roof. A roll-up, paneled metal door pierces the northwest elevation of the garage.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A concrete walkway provides access to the property from the public sidewalk. The rear yard is paved with concrete.

Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. Each dormer is pierced by an eight-light wood window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. The original one-story, full-width porch has been removed.

A two-story, full-width enclosed porch, set on brick piers, is located on the rear (northwest) elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of sliding vinyl-frame doors and paired one-light vinyl sliding windows.

A one-story, one-bay attached garage extends from the foundation of the rear elevation. The brick garage is capped by a flat roof, which serves as a deck. Fenestration consists of a 6/6, double-hung, wood-sash window and a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a retaining wall. A stone walkway provides access to the property from the public sidewalk. Concrete covers the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts. A single-leaf, paneled wood door with lights pierces the rear (northwest) elevation of the foundation.

A two-story, full-width enclosed porch, set on brick piers, is located on the rear (northwest) elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of single-leaf doors with lights and 1/1, double-hung, vinyl-sash windows.

A one-story, one-bay attached garage extends from the foundation of the rear elevation. The brick garage is capped by a flat roof, which serves as a deck. Fenestration consists of a 6/6, double-hung, wood-sash window and a roll-up, wood door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is landscaped with mature shrubs and foundation plantings and is bounded by a stone retaining wall. A concrete walkway provides access to the property from the public sidewalk. The backyard is paved with concrete.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. An eight-light wood window pierces each dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and single-light wood casement windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts. Two single-leaf, wood-frame glass doors mark the rear (northwest) elevation of the dwelling, in addition to several single-light wood casement windows. Three-course, rowlock brick segmental arches top most openings.

A one-story, one-bay attached garage extends from the foundation of the rear elevation. The original vehicular opening, located on the northwest elevation, has been enclosed. The brick garage is capped by a flat roof, which serves as a deck. Fenestration consists of a single-leaf wood door and double-hung, wood-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. Concrete steps provide access to the property from the public sidewalk. The backyard is paved with concrete.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#2959). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired one-light windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts. A full-height bay projects from the northeast elevation and has the material treatment of the main block. The northeast (side) elevation and the rear (northwest) elevation are fenestrated with 1/1, double-hung, vinyl-sash windows. All openings have a concrete sill and lintel.

A two-story enclosed porch, flanked by brick posts, is located on the northwest elevation of the dwelling. The wood-frame enclosed porch is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, paneled wood door with lights (topped by a single-light transom), 1/1, double-hung, vinyl-sash windows and 6/1, double-hung, wood-sash windows.

A one-story, one-bay attached garage extends from the foundation of the rear elevation. The original vehicular opening, located on the northwest elevation, has been enclosed with brick. The brick garage is capped by a flat roof, which serves as a deck. Fenestration consists of a single-leaf wood door and 6/6, double-hung, metal-sash windows.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the southwest corner of Tennessee Avenue, N.E. and Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. Metal milled point fencing line the concrete steps. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (topped by a stained glass transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof is supported by metal filigree posts. A full-height, canted bay projects from the west (side) elevation and has the material treatment of the main block. Fenestration consists of 1/1, double-hung, vinyl-sash windows. All openings have a concrete sill and lintel. Single-leaf, paneled doors with lights, 1/1, double-hung, vinyl-sash windows, and single-light fixed vinyl windows pierce the rear elevation of the dwelling. All openings are accented by a three-course, rowlock brick segmental arch. A two-story deck extends from the rear elevation and is set on a square wood post foundation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northeast corner of C Street, N.E. and 13th Street, N.E. The raised, grassy front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal chain-link fence. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, flush wood door with a diamond light (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Single-leaf, paneled wood doors with lights, and single and paired 1/1, double-hung, vinyl-sash windows pierce the rear elevation of the dwelling. All openings are accented by a three-course, rowlock brick segmental arch. A two-story porch extends from the rear elevation and is set on a concrete block pier foundation. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property from the public sidewalk. A metal fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof is supported brick posts and single square wood post set on a brick pedestal. Single-leaf doors and single and paired 1/1, double-hung, vinyl-sash windows pierce the rear elevation of the dwelling. All openings are accented by a three-course, rowlock brick segmental arch.

A second story screened porch extends from the rear elevation of the dwelling. Supported by metal posts, the screened porch is capped by a sloping roof. In addition to metal screens, the second story is clad with plywood.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is landscaped with mature shrubs and hardscaping. A stone retaining wall bounds the southern edge of the yard. A brick walkway, with steps, provides access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows with false multi-light vinyl muntins in the upper sash. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof is supported by brick posts, which are set upon brick pedestals. A single-leaf door pierces the foundation of the façade. Sliding vinyl-frame glass doors, topped by single-light transoms, 1/1, double-hung, vinyl-sash windows, glass blocks, and one-light vinyl casement windows with false multi-light vinyl muntins pierce the rear elevation. Most openings are accented by a three-course, rowlock brick segmental arch.

A two-story, one-bay porch extends from the rear elevation of the dwelling. Supported by square wood posts, the porch is capped by a sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. A concrete walkway, with steps, provides access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters encircle the porch, which is accessed via steps in the easternmost end bay. Single-leaf, paneled wood doors with lights, and single and paired 1/1, double-hung, wood-sash windows pierce the rear elevation of the dwelling. All openings are accented by a three-course, rowlock brick segmental arch. A two-story porch extends from the easternmost bay of the rear elevation and is set on a brick pier foundation. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. A concrete walkway, with steps, provides access to the property from the public sidewalk. Wood fencing and metal chain-link fencing surround the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of asphalt shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof is supported by metal filigree posts, which are set upon brick pedestals. A single-leaf door (topped by a single-light transom) and single and paired 1/1, double-hung, vinyl-sash windows pierce the rear elevation. Most openings are accented by a three-course, rowlock brick segmental arch.

A two-story, full-width porch spans the rear elevation. A sloping roof caps the porch and is supported by square wood posts. Square wood balusters encircle the second story of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The landscaped front yard is marked by mature shrubs and foundation plantings. A stone retaining wall bounds southern boundary of the raised front yard. A concrete walkway leads from the public sidewalk and provides access to the front porch of the dwelling. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#859). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters encircle the porch, which is accessed via steps in the easternmost end bay. Visible fenestration on the rear (north) elevation consists of a single-leaf, multi-light wood door, paired 1/1, double-hung, wood-sash windows, and single and paired 1/1, double-hung, vinyl-sash windows. All openings are accented by a three-course, rowlock brick segmental arch.

A two-story, full-width porch spans the rear elevation of the dwelling. Square wood posts support the sloping roof. Square wood balusters encircle each level of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs, trees, and foundation plantings and is bounded by a stone retaining wall. A concrete walkway, with steps, provides access to the property from the concrete sidewalk. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2303). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse ornaments the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A one-light vinyl window with false six-light vinyl muntins pierces each dormer. An interior-side brick chimney pierces the roof and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. The north (side) elevation is fenestrated by six-light wood awning windows. The rear (east) elevation is pierced by two single-leaf, multi-light doors and 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches surmount most openings.

A two-story, full-width porch, capped by a sloping roof, spans the rear elevation of the dwelling. Set on a brick pier foundation, the porch has been screened on the first story and a solid balustrade encircles the second story. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast corner of 13th Street, N.E. and Corbin Place, N.E. and is set back approximately fifteen feet from the sidewalk. The raised front yard is marked by mature shrubs and trees and is bounded by a parged retaining wall topped by a wood fence. Concrete steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts.

A two-story, screened porch, capped by a sloping roof, spans the rear elevation of the dwelling and is set on a brick pier foundation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature trees and is bounded by a stone retaining wall. Poured concrete steps provide access to the property from the concrete sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2303). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse ornaments the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A single-light wood window pierces each dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. The rear (east) elevation is pierced by single-leaf door (topped by a single-light transom) and single and paired 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches surmount most openings.

A full-width, enclosed porch projects from the second story of the rear elevation and is set on a square wood post foundation. The porch is enclosed with metal jalousie windows and is capped by a sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2303). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse ornaments the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired one-light vinyl sliding windows pierce the dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each opening. A single-leaf, paneled wood door with lights pierces the foundation. The original one-story, full-width porch has been removed. The south (side) elevation is fenestrated by 1/1 double-hung, vinyl-sash windows and paired one-light vinyl sliding windows. Most openings are surmounted by a three-course, rowlock brick segmental arch. Visible fenestration on the rear (east) elevation consists of a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows.

A one-story carport extends from the foundation of the rear elevation and was constructed ca. 1980. Constructed of concrete blocks, this carport is capped by a flat roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall that is topped by a metal milled point fence.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters encircle the porch. The east (side) elevation is fenestrated by 1/1 double-hung, vinyl-sash windows and paired one-light vinyl sliding windows. Most openings are surmounted by a three-course, rowlock brick segmental arch. Visible fenestration on the rear (south) elevation consists of double-leaf, multi-light doors, a single-leaf, multi-light wood door, and 1/1, double-hung, vinyl-sash windows. Window openings are topped by three-course, rowlock brick segmental arches.

A two-story, full-width deck, set on a brick pier foundation, is located on the rear elevation of the dwelling.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is marked by mature trees and shrubs and is bounded by a brick retaining wall that is topped by a metal milled point fence.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a parged cap. The façade (north elevation) is fenestrated with a single-leaf, flush wood door (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters encircle the porch. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, wood-sash windows. Window openings are topped by three-course, rowlock brick segmental arches.

A two-story enclosed porch extends from the rear elevation of the dwelling and is capped by a sloping roof. Asbestos shingles cover the enclosed porch, which is fenestrated with metal jalousie windows.

A one-story, one-bay block is located in the ell formed by the main block and the two-story enclosed porch and was constructed ca. 1980. The block is faced with six-course, American-bond brick and is capped by a sloping roof. A metal jalousie window pierces the south elevation.

A one-story attached garage extends from the foundation of the rear elevation and was constructed ca. 1950. The masonry garage is pierced by a roll-up, paneled wood door with lights and is capped by a flat roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A concrete walkway, with concrete steps, provides access to the property from the concrete sidewalk.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse was originally three-bays wide and is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom), paired one-light vinyl fixed windows, and a 1/1, double-hung, vinyl-sash window. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters encircle the porch. Visible fenestration on the rear (south) elevation consists of single-leaf, multi-light wood doors and 1/1, double-hung, vinyl-sash windows. Window and door openings are topped by three-course, rowlock brick segmental arches.

A two-story porch, set on a brick pier foundation, extends from the rear elevation of the dwelling. A sloping roof caps the porch and is supported by square wood posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a concrete block retaining wall. A metal chain-link fence surrounds the front yard. The backyard is paved with concrete and is partially enclosed by a metal chain-link fence.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door (topped by a blind transom) and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported metal filigree posts. Metal balusters accent the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, spans the rear elevation. The wood-frame porch is clad with vinyl siding and is fenestrated with a single-leaf, paneled wood door and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is surrounded by a metal milled point fence. A stone retaining wall bounds the front yard. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported metal filigree posts. Metal balusters accent the porch. The rear (south) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are topped by three-course, rowlock brick segmental arches.

A two-story, two-bay enclosed porch, capped by a sloping roof and set on a brick pier foundation, is located on the rear elevation. The wood-frame porch is clad with German vinyl siding and is fenestrated with a single-leaf flush wood door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a retaining wall topped by a metal milled point fence. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#1984). Set on a solid, concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, flush wood door (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills and lintels finish each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts. The west (side) elevation is fenestrated with 1/1, double-hung, wood-sash windows and one-light wood awning windows. Each opening is topped by a three-course, rowlock brick segmental arch. The rear (south) elevation is pierced by single and paired 1/1, double-hung, vinyl-sash windows, which are topped by three-course, rowlock brick segmental arches.

A two-story, full-width porch, capped by a sloping roof and set on a brick pier foundation, is located on the rear elevation. Square wood posts support each level of the porch. The second story is screened.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall that is topped by a metal milled point fence. ### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An interior-side brick chimney rises from the south (side) elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts set upon brick pedestals. The south elevation is pierced by 1/1, double-hung, vinyl-sash windows and six-light wood awning windows. The rear (east) elevation is fenestrated with a single-leaf, paneled wood door with lights, a single-leaf, paneled wood door and 1/1, double-hung, vinyl-sash windows. Openings are surmounted by a three-course, rowlock brick segmental arches. A one-story deck extends from the rear elevation and is set on a brick pier foundation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy yard is marked by mature shrubs and foundation plantings and is surrounded by a stone retaining wall topped by a metal chain-link fence. A brick walkway provides access to the property from the public sidewalk. A metal chain-link fence surrounds the back yard.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A single-light vinyl window pierces each dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a solid brick foundation. The shed roof, complemented by overhanging eaves, is supported by square wood posts. The rear (east) elevation is fenestrated with single-leaf doors and single and paired 1/1, double-hung, vinyl-sash windows. Openings are surmounted by three-course, rowlock brick segmental arches.

A two-story, full-width porch spans the rear elevation of the dwelling and is set on a brick pier foundation. Square wood posts support the sloping roof and square wood balusters encircle each level.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A concrete walkway, with steps, provides access to the front porch of the dwelling. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired one-light vinyl sliding windows pierce the dormer. The façade (west elevation) is fenestrated with a replacement, single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A single-leaf, wood-frame glass door with lights fenestrates the foundation of the dwelling. The original one-story, full-width porch has been removed. The rear (east) elevation is fenestrated with two single-leaf, paneled wood doors with lights and 1/1, double-hung, vinyl-sash windows. Openings are surmounted by three-course, rowlock brick segmental arches. A one-story deck extends from the rear elevation and is set on a brick pier foundation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by shrubs and is bounded by a stone retaining wall. Concrete steps provide access to the property from the concrete sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, complemented by overhanging eaves, is supported by Tuscan wood columns. The rear (east) elevation is fenestrated with a single-leaf door and double-hung windows.

A two-story, full-width porch spans the rear elevation of the dwelling. The first story of the porch has been enclosed and is clad with vinyl siding. A single-leaf door and 1/1, double-hung, vinyl-sash windows fenestrate the first story of the porch. A sloping roof caps the second story of the porch and is supported by square wood posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A wood fence bounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of asphalt shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired one-light vinyl windows with false six-light vinyl muntins pierce the dormer. An exterior-rear brick chimney rises from the east elevation and has a parged cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. The original one-story, full-width porch has been removed, although the stoop remains. The rear (east) elevation is fenestrated a single-leaf, paneled wood door with lights and paired 1/1, double-hung, vinyl-sash windows. Openings are surmounted by three-course, rowlock brick segmental arches.

An enclosed porch projects from the second story of the rear elevation and is supported by square wood posts. The wood-frame enclosed porch is clad with German vinyl siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings. A brick walkway leads from the front porch of the dwelling and ends at the public sidewalk. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The sloping roof, complemented by overhanging eaves and spindlework, is supported by paneled square wood posts. Square wood balusters complete the porch. The rear (east) elevation is fenestrated with a single-leaf door and double-hung windows.

A two-story, full-width enclosed porch, capped by a sloping roof, spans the rear elevation of the dwelling. The first story of the porch has been enclosed with vinyl siding and single-leaf French doors and the second story is stuccoed. Second story fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is surrounded by a stone retaining wall. Concrete steps provide access to the front porch of the dwelling from the public sidewalk. A fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade (west elevation) is fenestrated with a replacement, single-leaf, paneled wood door with lights (surmounted by a single-light transom), 1/1, double-hung, vinyl-sash windows, and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Concrete sills finish each window opening. A one-story, full-width porch spans the façade of the dwelling and is set on a brick pier foundation with wood lattice infill. The flat roof, complemented by overhanging eaves, is supported by Tuscan wood columns.

A two-story, full-width enclosed porch extends from the rear elevation of the dwelling and is capped by a sloping roof. The wood-frame enclosed porch is clad with aluminum siding and is fenestrated with a single-leaf door and paired 1/1, double-hung, vinyl-sash

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The landscaped front yard is raised and is marked by mature shrubs and foundation plantings. Poured concrete steps provide access to the property from the concrete sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#4650). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A stringcourse, composed of basketweave-bond brick, spans the façade above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An interior-side brick chimney rises from the north elevation and has a corbeled brick cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, complemented by overhanging eaves, is supported by metal filigree posts. Metal balusters complete the porch. The north (side) elevation is clad with vinyl siding and is fenestrated with 1/1, double-hung, vinyl-sash windows and one-light wood awning windows.

A two-story, full-width enclosed porch, capped by a sloping roof, spans the rear elevation of the dwelling. Set on a brick pier foundation, this wood-frame enclosed porch is clad with vinyl siding. Fenestration consists of a single-leaf, paneled door with lights and single and paired 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast corner of D Street, N.E. and 13th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall topped by a metal milled point fence. A metal chain-link fence surrounds the backyard of the property, which is paved with concrete.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0240). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom), and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters encircle the porch. The west (side) elevation is pierced by 1/1, double-hung, vinyl-sash windows and glass blocks. A three-course, rowlock brick segmental arch tops each opening. Visible fenestration on the rear (south) elevation consists of a single-leaf door and paired 1/1, double-hung, vinyl-sash windows. Window and door openings are topped by three-course, rowlock brick segmental arches.

An enclosed wood-frame porch projects from the rear elevation and is supported by square wood posts. Clad with aluminum siding, this enclosed porch is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A wood fence surrounds the backyard of the property.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0240). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom), and one-light vinyl casement windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters encircle the porch. Visible fenestration on the rear (south) elevation consists of a single-leaf, paneled wood door with lights and paired 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story, full-width porch, capped by a sloping roof, is located on the rear (south) elevation and is set on a brick pier foundation. The enclosed first story is clad with aluminum siding and is fenestrated with a single-leaf, flush wood door with lights and paired 1/1, double-hung, vinyl-sash windows. The opening second story features square wood balusters. Square wood posts support the roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0240). Set on a solid, concrete foundation, this brick dwelling is clad with aluminum siding on the façade (north elevation). A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade is fenestrated with a single-leaf, paneled metal door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A Colonial Revival-style surround complements the door opening. The original one-story, full-width porch has been removed from the façade. Visible fenestration on the rear (south) elevation consists of two single-leaf, paneled wood doors with lights and single and paired 1/1, double-hung, wood-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story, full-width porch, capped by a sloping roof, is located on the rear (south) elevation and is set on a brick pier foundation. Square wood posts support the roof and square wood balusters encircle each level of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0240). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation. The façade (north elevation) is fenestrated with a single-leaf door (topped by a single-light transom and flanked by fluted pilasters) and 6/6, double-hung, wood-sash windows. Concrete sills finish each window opening. A single-leaf, paneled wood door, flanked by fluted pilasters, pierces the foundation of the façade. The original one-story, full-width porch has been removed from the façade. The rear (south) elevation is visibly fenestrated with a single-leaf, multi-light wood door, double-leaf, multi-light doors, and paired 6/6, double-hung, wood-sash windows. A three-course, rowlock brick segmental arch surmounts each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is landscaped with mature shrubs and foundation plantings and is bounded by a stone retaining wall. Brick steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0240). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, flush wood door with a diamond light (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by square wood posts. Square wood balusters encircle the porch. Several single-leaf, paneled wood doors with lights pierce the rear elevation, as well as single and paired 1/1, double-hung, wood-sash windows.

A two-story, full-width porch, set on a brick pier foundation, is located on the rear (south) elevation. The wood-frame porch is capped by a sloping roof that is supported by square wood posts. Square wood balusters encircle each level of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a retaining wall. A metal chain-link fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#3565). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by paneled square wood posts. Square wood balusters encircle the porch. The rear (south) elevation is pierced by a single-leaf, paneled wood door with lights and single and paired 1/1, double-hung, vinyl-sash windows.

A two-story, full-width porch, set on a brick pier foundation, is located on the rear (south) elevation. The second story of the porch is enclosed and is supported by square wood posts. Clad with vinyl siding, this second story is capped by a sloping roof and is fenestrated with 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy, raised front yard is marked by mature shrubs and is surrounded by a stone retaining wall that is topped by a metal chain-link fence. The backyard is paved with concrete and is surrounded by wood fencing.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#3565). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts set upon brick pedestals. Brick balusters encircle the porch. The rear (south) elevation is fenestrated with single-leaf doors and double-hung windows.

A two-story, full-width screened porch, capped by a sloping roof, is located on the rear (south) elevation. The wood-frame screened porch is set on a brick pier foundation. T-111 siding forms a solid balustrade on each level of the porch.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#3565). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill, which is pierced by paired one-light vinyl sliding windows. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters encircle the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (south) elevation. The wood-frame enclosed porch is clad with asbestos shingles. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows.

A one-story attached garage extends from the foundation of the rear elevation and is original. Capped by a flat roof and clad with German vinyl siding, this garage is pierced by 1/1, double-hung, vinyl-sash windows. The original vehicular opening has been enclosed.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a retaining wall. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#3565). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, flush wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters encircle the porch. The east (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (south) elevation. The wood-frame enclosed porch is clad with vinyl siding and is set on a brick pier foundation. Visible fenestration consists of a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows. The enclosed porch is sited above a foundation-level garage. The brick garage is pierced by a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of D Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall that is topped by a wood picket fence. Concrete steps provide access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#2729). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, flush wood door with a diamond light (topped by a single-light transom) and 1/1, double-hung, wood-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set on brick pedestals. Metal balusters encircle the porch. The west (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows and single-light wood awning windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story enclosed porch, capped by a sloping roof and set on a brick pier foundation, is located on the rear (south) elevation. The wood-frame enclosed porch is clad with aluminum siding on the first story and the second story is screened. Visible fenestration consists of a single-leaf door and metal jalousie windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and trees and is surrounded by a stone retaining wall that is topped by a metal chain-link fence. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#2729). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf glass door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, featuring overhanging eaves, is supported by paneled square wood posts, which are set on brick pedestals.

A two-story enclosed porch, capped by a sloping roof, is located on the rear (south) elevation. The wood-frame enclosed porch is clad with German vinyl siding. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

A one-story, one-bay garage extends from the foundation of the rear elevation and was constructed ca. 2000. The wood-frame garage has a flat roof and is fenestrated by a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#2729). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear chimney, clad with aluminum siding, rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a solid brick foundation. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. The rear (north) elevation is clad with aluminum siding and is pierced by single-leaf wood doors and single and paired 1/1, double-hung, vinyl-sash windows.

A two-story, one-bay porch extends from the rear elevation of the dwelling and is set on a pier foundation. The sloping roof is supported by square wood posts.

A one-story, one-bay garage, extends from the foundation of the rear elevation and is original. The garage is constructed of five-course, American-bond brick and is capped by a flat roof. Visible fenestration consists of a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy, raised front yard is marked by foundation plantings and is bounded by a retaining wall. A brick walkway, with brick steps, provides access to the property from the public sidewalk. A metal chain-link fence surrounds the back yard of the property.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#2729). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a solid brick foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. The rear (north) elevation is pierced by a single-leaf, paneled wood door with lights, a single-leaf, wood door with a diamond light, and 1/1, double-hung, vinyl-sash windows.

A one-story, full-width addition, constructed ca. 1980, is located on rear elevation of the dwelling. Set on a brick pier foundation, this wood-frame addition is clad with aluminum siding and is capped by a sloping roof. Fenestration consists of a single-leaf, paneled wood door with lights and a bowed wood window with integrated awning windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1409). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story opening. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. The rear (north) elevation is pierced by single-leaf wood doors, 1/1, double-hung, vinyl-sash windows, and single-light wood awning windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story, one-bay porch extends from the rear elevation of the dwelling and is set on a brick pier foundation. The first story is screened. The sloping roof is supported by square wood posts.

A one-story, one-bay garage, extends from the foundation of the rear elevation and is original. The garage is constructed of five-course, American-bond brick and is capped by a flat roof. Visible fenestration consists of a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. A metal chain-link fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1409). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Turned wood balusters complete the porch. The rear (north) elevation is pierced by a single-leaf wood door, a single-leaf, paneled wood door, and 1/1, double-hung, vinyl-sash and wood-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story porch extends from the rear elevation of the dwelling and is sited above a foundation-level garage. The garage is constructed of brick and is pierced by a roll-up, paneled metal door. The second story of the porch is enclosed and is clad with plywood. A sloping roof caps the second story, which is supported by square wood posts. Fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature trees and is bounded by a stone retaining wall topped by a metal chain-link fence. The backyard is partially paved with concrete.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1409). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. The façade (south elevation) is fenestrated with a single-leaf, paneled metal door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters complete the porch. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash. A three-course, rowlock brick segmental arch tops each opening.

A two-story enclosed porch extends from the rear elevation of the dwelling. The wood-frame enclosed porch is clad with T-111 siding and is set on a brick pier foundation. A sloping roof caps the porch. Visible fenestration consists of a single-leaf, paneled wood door and a 1/1, double-hung, vinyl-sash window.

A one-story, one-bay garage extends from the foundation of the rear elevation and is original. Constructed of brick, this garage is capped by a flat roof. Concrete blocks have enclosed the original vehicular opening. Visible fenestration consists of glass blocks and a 1/1, double-hung, vinyl-sash window.

A one-story addition, constructed ca. 1980, is located on the roof of the attached garage. Faced with stretcher-bond brick, this addition is capped by a flat roof. Fenestration consists of one-light vinyl sliding windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the public sidewalk. The raised, grassy front yard is marked by mature shrubs and is surrounded by a retaining wall that is topped by a metal milled point fence. A metal chain-link fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#1409). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters complete the porch.

A two-story, full-width enclosed porch extends from the rear elevation of the dwelling. The wood-frame enclosed porch is set on a concrete block pier foundation and is clad with German vinyl siding. Visible fenestration consists of a single-leaf, paneled metal door, a single-leaf, paneled metal door with lights, and 1/1, double-hung, vinyl-sash windows.

A one-story, one-bay garage extends from the foundation of the rear elevation and is original. Constructed of brick, this garage is capped by a flat roof. Stretcher-bond brick infill has enclosed the original vehicular opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall topped by a metal milled point fence. A wood fence partially encloses the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Metal balusters complete the porch.

A one-story, one-bay garage, constructed of five-course, American-bond brick, extends from the foundation of the rear elevation. A flat roof caps the garage and serves as a deck. The original vehicular opening has been enclosed with brick and is pierced by a 6/6, double-hung, wood-sash window.

A two-story, full-width enclosed porch is located on the rear (north) elevation and is sited above the one-story attached garage. The wood-frame enclosed porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall, which is topped by a metal milled point fence. A concrete walkway provides access to the property from the public sidewalk.

A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Metal balusters complete the porch. The rear (north) elevation is fenestrated with a single-leaf metal door, a single-leaf, paneled wood door, a single-leaf, paneled wood door with lights, a six-light wood awning window, and single and paired 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story porch is located on the rear (north) elevation and is set on a brick pier foundation. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is bounded by a retaining wall. Wood fencing and a metal fence surround the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a blind transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Metal balusters complete the porch. The rear (north) elevation is fenestrated with a single-leaf, paneled wood door with lights, a single-leaf, flush wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy, raised front yard is marked with mature shrubs and foundation plantings and is bounded by a metal chain-link fence. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Metal balusters complete the porch. The rear (north) elevation is fenestrated with two single-leaf, paneled wood doors with lights and single and paired 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins. A three-course, rowlock brick segmental arch tops each opening.

A one-story, one-bay garage extends from the rear elevation of the foundation and is original. The garage is parged and is capped by a flat roof. A roll-up, paneled metal door pierces the north elevation.

A two-story porch is located on the rear (north) elevation and is sited above the attached garage. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Corbin Place, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is landscaped with mature shrubs, trees, and foundation plantings and is bounded by a stone retaining wall.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice finishes the false mansard roof, which is marked by two pedimented dormers. A single-light wood window fenestrates each dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, flush wood door with lights and 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. A full-height rectangular bay projects from the southwest elevation and has the same material treatment as the main block.

A two-story enclosed porch, capped by a sloping roof, is located on the rear (northwest) elevation. The first story of the porch is faced with stretcher-bond brick and the second story is clad with aluminum siding. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a brick retaining wall. A metal milled point fence and a metal chain-link fence surround the yard.

Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a blind transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (northwest) elevation. The wood-frame enclosed porch is clad with German vinyl siding. Visible fenestration consists of a single-leaf, paneled door with lights and 6/6, double-hung, wood-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is landscaped with mature shrubs and foundation plantings and is bounded by a stone retaining wall. A metal milled point fence encircles the front yard. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a solid, parged foundation. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns, which are set upon brick pedestals.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (northwest) elevation. The wood-frame enclosed porch is clad with German vinyl siding. Visible fenestration consists of a single-leaf, multi-light door and 61/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The sloping, raised front yard is landscaped with mature shrubs and is bounded by a stone retaining wall. A metal milled point fence tops the retaining wall. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice finishes the false mansard roof, which is marked by a pedimented dormer. Paired six-light wood windows pierce the dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Brick balusters finish the porch.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear (northwest) elevation. The wood-frame enclosed porch is clad with aluminum siding. Visible fenestration consists of three single-leaf, paneled wood doors with lights, and single and paired 1/1, double-hung, vinyl-sash windows.

A one-story, one-bay garage extends from the rear elevation of the foundation. Clad with German vinyl siding, this garage is capped by a flat roof. The original vehicular opening has been enclosed and is now fenestrated by a 1/1, double-hung, wood-sash window.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The sloping, raised front yard is marked by mature shrubs and small trees and is bounded by a stone retaining wall. A metal milled point fence surrounds the front yard. A metal chain-link fence encloses the backyard, which is paved with concrete.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the false mansard roof, which is marked by two pedimented dormers. A six-light wood window pierces each dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. The rear (northwest) elevation is clad with aluminum siding and is fenestrated with single and paired 1/1, double-hung, vinyl-sash windows.

A one-story, full-width addition, constructed ca. 1980, is located on the rear elevation of the dwelling. The wood-frame addition is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf door, a 1/1, double-hung, vinyl-sash window, and a single-light fixed window.

A one-story, one-bay garage extends from the foundation of the rear elevation and is original. Constructed of five-course, American-bond brick, this garage is capped by a flat roof. Double-leaf doors pierce the northwest elevation.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The sloping, raised front yard is marked by mature shrubs and is surrounded a metal milled point fence. A metal chain-link fence surrounds the backyard, which is paved with concrete.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is accented by a false mansard roof of slate shingles. A molded metal cornice finishes the false mansard roof, which is marked by a pedimented blind dormer. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Brick balusters finish the porch. The rear (northwest) elevation is pierced by two, single-leaf, paneled wood doors with lights, single and paired 1/1, double-hung, vinyl-sash windows, and paired 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A three-course, rowlock brick segmental arch accents each opening.

A two-story, full-width porch, capped by a sloping roof and set on a brick pier foundation, is located on the rear (northwest) elevation. Metal posts support the sloping roof and metal balusters encircle each level of the porch.

A one-story, one-bay garage extends from the rear elevation of the foundation. Constructed of brick, this garage is capped by a flat roof. Double-leaf doors, composed of plywood, pierce the northwest elevation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The sloping, raised front yard is marked by mature shrubs and small trees and is bounded by a stone retaining wall. A metal milled point fence surrounds the front yard. A metal chain-link fence surrounds the backyard, which is paved with concrete.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1914 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of fifteen similar dwellings constructed from the same permit (#5350). Set on a solid, concrete foundation, this brick dwelling is faced with Flemish-bond brick. A gauged brick stringcourse spans the façade and is located above the second story openings. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Concrete sills finish each window opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by brick posts, which are set upon brick pedestals. Metal balusters finish the porch. The rear (northwest) elevation is pierced 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch accents each opening. The northeast (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows and paired one-light vinyl sliding windows. A two-story, rectangular bay projects from the northeast elevation and has the same material treatment as the main block.

A third-story addition, constructed ca. 2005, is located on the roof of the building. The addition is faced with stretcher-bond brick and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

A three-story addition is located on the rear elevation of the dwelling and was constructed ca. 2005. Set on a brick pier foundation, this wood-frame addition is clad with German vinyl siding. A sloping roof caps the building. Fenestration consists of a single-leaf, paneled wood door, a single-light fixed vinyl window, and 1/1, double-hung, vinyl-sash windows.

A one-story, one-bay porch extends from the rear elevation and is set on the attached garage. Metal filigree posts support the metal awning.

A one-story, one-bay garage extends from the rear elevation of the foundation. Constructed of brick, this garage is capped by a flat roof. A roll-up metal door pierces the garage.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the southwest corner of D Street, N.E. and Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, sloping front yard is marked by mature shrubs and is bounded by a brick retaining wall.
