Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired six-light wood windows. The façade (north elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters finish the porch. A three-sided, canted bay rises the full height of the west (side) elevation and has the same material treatment as the main block.

A two-story, full-width enclosed porch is located on the rear (south) elevation of the dwelling and is set on a foundation level garage. The wood-frame porch is clad with German vinyl siding and is capped by a sloping roof with overhanging eaves. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. The west elevation of the garage is faced with stretcher-bond brick and is pierced by a roll-up, paneled metal door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast corner of C Street, N.E. and 13th Street, N.E. and is set back approximately five feet from the sidewalk. Planting beds, constructed of brick, front the property and are marked by mature shrubs.

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a six-light wood window. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a brick pier foundation with honeycomb brick infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (south) elevation is pierced by single and paired 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each visible opening.

A two-story, enclosed porch is located on the rear (south) elevation of the dwelling and is set on a brick pier foundation. The wood-frame porch is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, paneled door and single and paired 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately five feet from the sidewalk. Planting beds, constructed of stone, front the property and are marked by mature shrubs. A metal chain-link fence bounds the backyard of the property.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a six-light wood window. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (south) elevation is pierced by 1/1, double-hung, vinyl-sash and wood-sash windows and single-leaf doors. A three-course, rowlock brick segmental arch tops each opening.

A two-story, one-bay porch extends from the rear elevation of the dwelling. The wood-frame porch is capped by a sloping roof, which is supported by square wood posts. Square wood balusters finish the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately five feet from the sidewalk. Planting beds, constructed of stone, front the property and are marked by mature shrubs. A wood fence bounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired six-light wood windows. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, flush wood door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Each opening is topped by a concrete lintel. A one-story, full-width porch is located on the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (south) elevation is pierced by a single-leaf door, a single-leaf door with lights, 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins, and a tripartite window. The tripartite window is composed of a central 1/1, double-hung, vinyl-sash window with false 9/9 vinyl muntins and flanking 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A three-course, rowlock brick segmental arch tops each visible opening.

A two-story, wood-frame porch extends from the rear elevation. The sloping roof is supported by square wood posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately five feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired six-light wood windows. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled door with an oval light (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A single-leaf, paneled wood door with an oval light pierces the foundation of the façade. A one-story, full-width porch is located on the façade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters finish the porch. The rear (south) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch.

A two-story porch extends from the rear elevation of the dwelling. Capped by a sloping roof supported by square wood posts, the porch is finished with square wood balusters.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately five feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A wood fence surrounds the backyard.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of ten similar dwellings constructed from the same permit (#4822). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a six-light wood window. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch is located on the façade and wraps around to the east (side) elevation. Set on a brick pier foundation with wood lattice infill, this porch is capped by a flat roof supported by metal filigree posts. Metal balusters finish the porch. The east elevation features fenestration that is consistent with the façade. The rear (south) elevation is pierced by a 1/1, double-hung, vinyl-sash window. A three-course, rowlock brick segmental arch tops this opening.

A two-story enclosed porch is located on the rear elevation of the dwelling and is capped by a sloping roof. The wood-frame enclosed porch is clad with aluminum siding and is pierced by 1/1, double-hung, vinyl-sash windows and a single-leaf door with lights.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southwest corner of C Street, N.E. and Tennessee Avenue, N.E. and is set back approximately five feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a retaining wall. A wood fence surrounds the backyard.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Asphalt shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a single-light vinyl awning window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Turned wood balusters finish the porch.

A two-story enclosed porch, capped by a sloping roof, extends from the rear elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and features an integral porch on the first story. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a 1/1, double-hung, vinyl-ash window with false 6/6 vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

Outbuilding Notes:

**October 2010: Constructed ca. 1925, this one-story, one-bay garage is located northwest of the dwelling. Constructed of concrete blocks, this building is capped by a sloping roof. A roll-up, paneled wood door fenestrates the northwest elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired four-light wood casement windows. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with brick infill. A three-light wood window pierces the foundation of the porch. The flat roof, featuring overhanging eaves, is supported by brick posts. Brick balusters finish the porch. The rear (northwest) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows.**

**A two-story porch, with an enclosed second story, extends from the rear elevation of the dwelling. The second story, clad with aluminum siding, is supported by square wood posts and is supported by a sloping roof. Visible fenestration consists of 6/6, double-hung, wood-sash windows.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall topped by a wood picket fence. A wood fence surrounds the backyard.**

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a multi-light wood awning window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with brick infill. The flat roof, featuring overhanging eaves, is supported by brick posts set upon brick pedestals. Brick balusters finish the porch.

A two-story enclosed porch, capped by a sloping roof, extends from the rear elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and is set on a brick pier foundation with concrete block infill. Visible fenestration consists of a single-leaf, paneled metal door with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

**October 2010: Constructed ca. 1925, this one-story, one-bay garage is located northwest of the dwelling. Constructed of concrete blocks, this garage is capped by a flat roof. A roll-up, metal security door pierces the northwest elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each is boarded with plywood. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by brick posts set upon brick pedestals. Metal balusters finish the porch. The rear (northwest) elevation is pierced by 1/1, double-hung, vinyl-sash windows and a single-leaf, paneled wood door with lights. A three-course, rowlock brick segmental arch tops each opening.**

**A two-story porch is located on the rear elevation of the dwelling. The sloping roof is supported by square wood posts.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a stone retaining wall topped by a metal chain-link fence. A wood fence surrounds the backyard.**

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a multi-light wood window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (northwest) elevation is pierced by single-leaf, wood-frame glass doors and 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a multi-light wood window. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters finish the porch. Visible fenestration on the rear (northwest) elevation consists of a single-leaf door with lights and 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story porch extends from the rear elevation of the dwelling. The sloping roof is supported by square wood posts. Square wood balusters finish the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired four-light wood casement windows. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows with false 6/1 vinyl muntins. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by square wood posts. Square wood balusters finish the porch. The rear (northwest) elevation is fenestrated with a 6/1, double-hung, wood-sash window and triple 1/1, double-hung, vinyl-sash windows with false 6/1 vinyl muntins. Each visible opening is topped by a three-course, rowlock brick segmental arch.

A two-story enclosed porch, capped by a sloping roof, is located on the rear elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding. Visible fenestration consists of a single-leaf door and paired one-light vinyl sliding windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a concrete block retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1571). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a single-light vinyl awning window with false six-light vinyl muntins. An exterior-rear brick chimney rises from the northwest elevation and has a plain cap. The façade (southeast elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows with false 6/1 vinyl muntins. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters finish the porch. The southwest (side) elevation features a dormer and fenestration that is consistent with the façade.

A two-story addition, with a third-story level, is located on the rear (northwest) elevation and was constructed ca. 2005. The parged addition is capped by a flat roof, which serves as a roof deck, and features a rounded bay on the southwest (side) elevation. Visible fenestration consists of one-light vinyl casement windows and paired one-light vinyl sliding windows, which are topped by transoms.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northwest side of Tennessee Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a concrete retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#5069). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds paired one-light vinyl windows with false six-light vinyl muntins. The façade (west elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters finish the porch. The south (side) elevation and rear (east) elevations feature fenestration that is consistent with the façade. Each opening is topped by a three-course, rowlock brick segmental arch.

A two-story, enclosed porch is located on the rear elevation and is capped by a sloping roof. The wood-frame enclosed porch is clad with German vinyl siding. Visible fenestration consists of a single-leaf, paneled metal door and paired one-light vinyl sliding windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a metal milled point fence. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#5069). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a six-light wood window. The façade (west elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1 double-hung, wood-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood posts. Square wood balusters finish the porch. The rear (east) elevation is pierced by double-leaf doors and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch.

A two-story porch, with an enclosed second story, is located on the rear elevation of the dwelling. The wood-frame second story, clad with vinyl siding, is supported by square wood posts. Fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#5069). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired six-light wood windows. An exterior-rear brick chimney rises from the east elevation and has a parged cap. The façade (west elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (east) elevation is pierced by a single-leaf, paneled metal door, a single-leaf, paneled wood door with lights, and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch.

A two-story porch, set on a brick pier foundation, is located on the rear elevation of the dwelling. The sloping roof is supported by square wood posts.

A one-story, one-bay attached garage extends from the east elevation of the dwelling. Constructed of brick, this garage is capped by a flat roof. A two-light wood window and a single-leaf door pierce the garage.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a short, wood retaining wall. A wood fence surrounds the backyard. A metal chain-link fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#5069). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. Two pedimented dormers mark the false mansard roof and each holds a six-light or an eight-light wood window. An exterior-rear brick chimney rises from the east elevation and has a parged cap. The façade (west elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom) and 1/1 double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with wood lattice infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The rear (east) elevation is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story, two-bay brick ell extends from the rear elevation of the dwelling and is capped by a sloping roof. An exterior-side chimney rises from the south elevation. Visible fenestration consists of single-leaf, paneled wood doors with lights and 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

A two-story porch, capped by a sloping roof, is located on the rear elevation of the ell. The sloping roof is supported by metal posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a metal fence. A wood fence surrounds the backyard.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#5069). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a false mansard roof. Slate shingles cover the false mansard roof, which is accented by a molded metal cornice with block modillions. A pedimented dormer marks the false mansard roof and holds paired six-light wood windows. An interior-side brick chimney rises from the north elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1 double-hung, wood-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the facade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by metal filigree posts. Metal balusters finish the porch. The north (side) elevation is fenestrated with paired one-light vinyl sliding windows and 1/1, double-hung, wood-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch. Visible fenestration on the rear (east) elevation consists of single-leaf, paneled wood doors with lights, and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch.

A two-story porch extends from the rear elevation of the dwelling. The sloping roof is capped by square wood posts. Square wood balusters finish the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of 13th Street, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal fence.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010: Constructed in 1889 by W.F. Kirby & Brothers, this two-story, three-bay single-family dwelling was designed in the Italianate style. Set on a solid brick foundation, this dwelling is constructed of seven-course, American-bond brick. A sloping roof caps the building and is accented by a corbeled brick cornice. The façade (south) elevation is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a three-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a soldier brick segmental arch with a header brick cap. The rear (north) elevation is clad with square-butt wood shingles and is fenestrated by 1/1, double-hung, vinyl-sash windows.**

**A one-story addition, constructed ca. 1960, is located on the rear elevation of the dwelling. The wood-frame addition is clad with square-butt wood shingles and is capped by a sloping roof. Visible fenestration consists of a single-leaf door.**

Site Notes:

**October 2010: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The front yard is marked by mature shrubs, trees, and foundation plantings and is bounded by a brick wall topped by a metal chain-link fence. A wood fence surrounds the backyard.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by W.B. Smith, this two-story, three-bay single-family dwelling was designed in the Italianate style. Set on a solid brick foundation, this dwelling is constructed of brick. The brick coursing was not visible from the public right-of-way. A sloping roof caps the building and is accented by a corbeled brick cornice. Two interior-side brick chimneys rise from the west (side) elevation and each has a corbeled brick cap. The façade (south elevation) is pierced by a single-leaf, paneled wood door with lights (topped by a single-light transom) and 2/2, double-hung, wood-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch. A one-story, full-width porch spans the façade and is set on a solid concrete foundation. A metal awning forms the roof and is supported by metal filigree posts. Metal balusters finish the porch. The rear (north) elevation is pierced by a single-leaf, paneled metal door and 1/1, double-hung, vinyl-ash windows. A two-course, rowlock brick segmental arch finishes the visible openings.

A one-story wing extends from the rear elevation of the dwelling and is noted on the 1904 Sanborn map. The wood-frame wing is clad with both square-butt wood shingles and vinyl siding and is capped by a sloping roof of asphalt shingles. An exterior-end brick chimney rises from the north elevation and has a plain cap. Fenestration was not visible from the public right-of-way.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The front yard is marked by mature shrubs, trees, and foundation plantings and is bounded by a metal fence. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Vernacular**

Exterior & Architectural Notes:

October 2010: Constructed sometime between 1869 and 1871, this two-story, two-bay vernacular single-family dwelling is set on a solid foundation. This wood-frame dwelling is clad with Hardiplank siding and is capped by a sloping roof. A boxed cornice with dentil molding finishes the roof. The façade (south elevation) is fenestrated with a single-leaf paneled wood door with lights, a garden window, and a 1/1, double-hung, vinyl-sash window. A Colonial Revival-style door surround, composed of fluted pilasters and a pediment with dentil molding, accent the door entry. The rear (north) elevation is clad with Hardiplank siding. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The front yard is marked by mature shrubs and features a brick wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1907 by B. Daly, this two-story, three-bay Classical Revival-style single-family dwelling was designed by A.S.J. Atkinson. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the building and is complemented by a molded metal cornice and frieze with ornamental swag molding. The façade is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 6/6, and 6/9, double-hung, wood-sash windows. Each opening is accented by a rock-faced concrete lintel. The rear (north) elevation is pierced by 2/2, and 6/6, double-hung, wood-sash windows and each opening is topped by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear (north) elevation and is original. Constructed of five-course, American-bond brick, this ell is set on a solid foundation. Visible fenestration consists of a single-leaf, paneled wood door and 6/6, and 6/9, double-hung, wood-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The front yard is covered with English ivy and is marked by mature shrubs and trees. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

Modern

Exterior & Architectural Notes:

October 2010: Constructed ca. 1952, this two-story, three-bay duplex was influenced by the Modern Movement. Constructed of concrete blocks and set on a solid concrete-block foundation, this dwelling is faced with six-course, American-bond brick. A sloping roof caps the building. Decorative concrete moldings and a concrete stringcourse ornament the façade (south elevation). An exterior-rear brick chimney rises from the north elevation and has a plain cap. Fenestration consists of two, single-leaf, paneled wood doors with lights and single-light fixed vinyl windows with false twelve-light vinyl muntins with flanking single-light vinyl casement windows with false four-light vinyl muntins. A one-story, one-bay porch shelters the primary entries and is set on a solid concrete foundation. The flat roof is supported by metal posts. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story ell, faced with brick, extends from the rear elevation of the building and is original. An exterior-rear brick chimney rises from the north elevation and has a plain cap. Visible fenestration consists of single-leaf, wood-frame glass doors and 1/1, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story duplex is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised front yard is marked by mature shrubs, small trees, and foundation plantings and is bounded by a brick retaining wall. Concrete steps provide access to the property from the public right-of-way. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1901 by Owen Donnelly, this two-story, three-bay Classical Revival-style dwelling was designed by Richard Crump. Set on a solid concrete foundation, this brick dwelling is stuccoed on the first story and is faced with stretcher-bond brick on the second story. A sloping roof caps the building and is complemented by a molded metal cornice with scrolled modillions. A frieze, with ornamental swag molding, and a rock-faced concrete stringcourse ornament the façade. A molded metal architrave spans the façade above the first story openings. The façade (south elevation) is fenestrated with two, single-leaf, paneled wood doors with lights, a single-light fixed vinyl window with false 20-light vinyl muntins, and 1/1, double-hung, vinyl-sash windows with false 9/9 vinyl muntins. Molded hoods, with scrolled brackets, accent each door opening. Additional fenestration consists of 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins and glass blocks.

Site Notes:

**October 2010:** This two-story building is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is landscaped with mature shrubs and is surrounded by a metal bow and picket fence. A brick walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed sometime between 1876 and 1878, this two-story, two-bay single-family dwelling was designed in the Italianate style. Set on a raised brick foundation, this dwelling is constructed of seven-course, American-bond brick. A sloping roof caps the building and is accented by a heavy, molded metal cornice with scrolled modillions and brackets. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south elevation) is fenestrated with a single-leaf, wood-frame glass door and 2/2, double-hung, wood-sash windows. Each opening is surmounted by a soldier brick jack arch. A one-story, full-width porch spans the foundation of the façade and is set on a solid foundation. The sloping roof of standing-seam metal, featuring overhanging eaves and exposed rafter ends, is supported by square wood posts. The rear (north) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each visible opening is topped by a soldier brick jack arch.

A one-story addition, constructed ca. 1955, extends from the rear elevation of the dwelling. Constructed of concrete blocks, this addition is capped by flat roof. Visible fenestration consists of double-hung windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is landscaped with mature shrubs and is bounded by a metal milled point fence. A brick walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed ca. 1992, this two-story, three-bay single-family dwelling is a modern interpretation of the Italianate style. Set on a solid concrete block foundation, this dwelling is constructed of concrete blocks that are faced with stretcher-bond brick. A sloping roof caps the building and is accented by a corbeled brick cornice. The façade (south elevation) is fenestrated with double-leaf, paneled wood doors (surmounted by a five-light transom) and 1/1, double-hung, wood-sash windows. Three-light transoms top the first story windows and all openings are topped by a concrete lintel. The rear (north) elevation is parged and is fenestrated with 1/1, double-hung windows.

A two-story, wood-frame addition extends from the rear elevation of the dwelling and was constructed ca. 2000. Clad with vinyl siding, this addition is capped by a flat roof, which serves as a deck. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The raised front yard is marked by mature shrubs, trees, and foundation plantings. A stone retaining wall spans the front yard. A wood fence surrounds the small backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed sometime between 1876 and 1878, this two-story, two-bay single-family dwelling was influenced by the Italianate style. Set on a solid foundation, this dwelling is constructed of seven-course, American-bond brick. A sloping roof caps the building and is finished with a plain frieze. The façade (south elevation) is pierced by 1/1, double-hung, vinyl-sash windows (surmounted by soldier brick jack arches) and a single-leaf, paneled wood door with an oval light. A blind transom and a hood, supported by scrolled brackets, accent the door opening. A tunnel passage, with a rowlock brick segmental arch, is located at the eastern end of the dwelling.

A three-story, full-width addition extends from the rear (north) elevation of the dwelling and was constructed ca. 2005. The wood-frame addition is clad with vinyl siding and is set on a solid foundation. A sloping roof caps the addition. An oriel is located on the rear elevation of the addition and rises from the second to the third story. Visible fenestration consists of single-light vinyl casement windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed ca. 1960, this two-story, four-bay multiple dwelling was influenced by the Modern Movement. Set on a solid concrete foundation, this concrete block building is faced with six-course, American-bond brick. A sloping roof caps the building and is finished with metal coping. An interior brick chimney pierces the roof and has a plain cap. Molded concrete panels and an oval-shaped molding ornament the façade. The façade (south elevation) is pierced by single-leaf, paneled wood doors, paired 1/1, double-hung, vinyl-sash windows, and 6/6, double-hung, wood-sash windows. All first story openings are complemented by a soldier brick flat arch. The rear (north) elevation is pierced by single-leaf, paneled wood doors with lights, 6/6, double-hung, wood-sash windows, and single and paired 1/1, double-hung, vinyl-sash windows. A soldier brick flat arch tops all first story openings.

Site Notes:

**October 2010:** This two-story multiple dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The sloping grassy yard is marked by mature shrubs and foundation plantings. A metal chain-link fence partially surrounds the backyard.

Set on a solid concrete foundation, this concrete block dwelling is faced with six-course, American-bond brick. A second story recessed brick panel and soldier brick stringcourses ornament the facade. A sloping roof caps the building and is finished with metal coping. An exterior-rear brick chimney rise from the rear (north) elevation and has a plain cap. The façade (south elevation) is pierced by single-leaf, paneled wood doors and 2/2, double-hung, metal-sash windows. Stack-bond brick surrounds accent each door opening. The rear (north) is fenestrated with a single-leaf, metal door, a single-leaf, paneled wood door with lights, and 2/2, double-hung, metal-sash windows.

Site Notes:

**October 2010:** This two-story duplex is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The sloping yard is marked by mature shrubs and is bounded by a metal chain-link fence. Poured concrete steps provide access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard.

Exterior & Architectural Notes:

October 2010: Constructed ca. 1960, this two-story, three-bay duplex was influenced by the Modern Movement. Set on a solid concrete foundation, this concrete-block building is faced with six-course, American-bond brick. A sloping roof caps the building and has a plain cap. The façade (south elevation) is pierced by two, single-leaf, paneled wood door with lights and single and paired 6/6, double-hung, wood-sash windows. The rear (north) elevation is pierced by a single-leaf, flush door and single and paired 6/6, double-hung, wood-sash windows.

Site Notes:

October 2010: This two-story duplex is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The raised front yard is marked by mature shrubs and is bounded by a brick retaining wall. Poured concrete steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed sometime between 1876 and 1878, this two-story, two-bay single-family dwelling was designed in the Italianate style. The dwelling was originally composed of a two-story main block with a two-story ell extending from the westernmost bay of the rear (north) elevation. Set on a solid brick foundation, this dwelling is constructed of seven-course, American-bond brick. A sloping roof caps the building and is complemented by brick corbeling. The façade (south elevation) is fenestrated with single-light wood casement windows. Each opening is accented by a header brick sill and two-course, rowlock brick segmental-arched hood.

A two-story addition, constructed on the west elevation of the dwelling and wrapping around to the rear elevation of the original ell, was constructed ca. 1980. Faced with stretcher-bond brick, this addition is set on a solid foundation. Visible fenestration consists of single-light fixed windows and paired, single-light awning windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs, small trees, and foundation plantings and is bounded by a brick retaining wall. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1884 by McIntosh & Boston, this two-story, three-bay single-family dwelling was designed in the Italianate style. Set on a solid brick foundation, this dwelling is constructed of seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice with a sawtooth brick stringcourse. The façade (south) elevation is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch finishes each opening.

A two-story addition, with a one-story block on its east (side) elevation, extends from the rear elevation of the main block and was constructed ca. 1975. The wood-frame addition is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of double-leaf, multi-light metal doors, single-light vinyl casement windows with false eight-light vinyl muntins, and single-light fixed vinyl windows with false 16-light vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A brick walkway provides access to the property from the public sidewalk. The rear back yard is bounded by a concrete block retaining wall.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1910 by S.J. Brinkley, this two-story, three-bay Classical Revival-style dwelling was originally a store and dwelling. Set on a solid concrete foundation, this brick building is faced with stretcher-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice with a plain frieze. An exterior-rear brick chimney rises from the north elevation and has a plain cap. The façade (south) elevation is fenestrated with a single-leaf, paneled wood door, 1/1, double-hung, vinyl-sash windows, and a wood-frame garden window. All second story openings are finished with a three-course, rowlock brick segmental arch. Visible fenestration on the rear (north) elevation consists of a 2/2, double-hung, wood-sash window, topped by a two-course, rowlock brick segmental arch. The westernmost bay of the second story features an integral porch.

Site Notes:

**October 2010:** This two-story building is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is marked by mature shrubs and is bounded by a metal milled point fence with brick pillars. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1910 by S.J. Brinkley, this two-story, three-bay Classical Revival-style building was originally a store and dwelling. Set on a solid concrete foundation, this brick building is faced with stretcher-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice with a plain frieze. Two interior-side brick chimneys rise from the east (side) elevation and each has a plain brick cap. The façade (south) elevation is fenestrated with a replacement, single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening. The east elevation is pierced by a single-leaf, flush wood door and 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch accents each opening.**

Site Notes:

**October 2010: This two-story building is located on the northwest corner of Constitution Avenue, N.E. and Warren Street, N.E. and is set back approximately ten feet from the brick sidewalk. The front yard is bounded by a metal milled point fence. A concrete walkway provides access to the primary entrance.**

**Garage**

Outbuilding Notes:

**October 2010: A one-story, one-bay garage, constructed ca. 2000, is located west of the dwelling. A front-gabled roof of asphalt shingles caps the wood-frame garage. Overhanging eaves finish the roof. A roll-up, paneled metal door pierces the west elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed ca. 1954, this two-story, two-bay multiple dwelling was influenced by the Modern Movement. Set on a solid concrete block foundation, this concrete-block building is faced with six-course, American-bond brick. A sloping roof caps the building and features metal coping. An exterior-rear brick chimney rises from the west elevation and has a plain cap. The façade (east elevation) is pierced by a replacement, single-leaf, paneled wood door with lights, and single and paired 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A soldier brick flat arch tops each opening. The south elevation has fenestration that is consistent with the façade.

A two-story, full-width addition extends from the rear (west) elevation of the dwelling. The wood-frame addition is clad with German vinyl siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, wood-frame glass door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This multiple dwelling is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The front yard is marked by mature trees, shrubs, and foundation plantings. A concrete walkway provides access to the property from the public right-of-way. A wood fence surrounds the backyard of the property.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Basketweave-bond brick stringcourses span the façade above the first and second story openings. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the west elevation and has a plain cap. The façade (east elevation) is pierced by a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. A one-story, full-width porch spans the façade and is set on a solid concrete slab. Brick posts support the flat roof, which features overhanging eaves. The rear (west) elevation is pierced by a single-leaf, wood-frame glass door and 1/1, double-hung, vinyl-sash windows. Each visible opening is finished with a three-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The front yard is marked by mature shrubs and is bounded by a brick retaining wall. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

<b>Carport</b>	

Outbuilding Notes:

**October 2010: A one-story, one-bay carport, constructed ca. 1970, is located west of the dwelling. The wood-frame carport is partially enclosed with wood-frame posts and is capped by a front-gabled roof of asphalt shingles. Overhanging eaves finish the roof. A roll-up, paneled metal door pierces the west elevation of the carport.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the west elevation and has a plain cap. The façade (east elevation) is pierced by a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows.**

**A two-story, full-width addition, constructed ca. 1990, is located on the rear elevation of the dwelling. Faced with stretcher-bond brick, this addition is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and is bounded by a brick retaining wall topped by a metal chain-link fence. A brick walkway leads from the primary entrance and ends at the public sidewalk. A wood fence surrounds the backyard.**

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-end brick chimney rises from the rear (west) elevation and has a plain cap. An interior brick chimney pierces the roof and has a parged cap. The façade (east elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Visible fenestration on the rear (west) elevation consists of 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The front yard is marked by mature shrubs is bounded by a brick retaining wall. A brick walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

**October 2010: A one-story, one-bay prefabricated shed, constructed ca. 2000, is located west of the dwelling. The wood-frame shed is clad with T-111 siding and is capped by a gabled roof of standing-seam metal. Fenestration was not**

visible from the public right-of-way.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-end brick chimney rises from the rear (west) elevation and has a plain cap. An interior brick chimney pierces the roof and has a parged cap. The façade (east elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 2/2, double-hung, wood-sash windows. Visible fenestration on the rear (west) elevation consists of 1/1, double-hung, vinyl-sash windows. A three-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The front yard is marked by mature shrubs and is surrounded by a metal picket fence. A walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-end brick chimney rises from the rear (west) elevation and has a plain cap. An interior brick chimney pierces the roof and has a parged cap. The façade (east elevation) is pierced by a single-leaf, flush wood door (surmounted by a single-light transom) and 1/1, double-hung, metal-sash windows. A one-story, full-width porch spans the façade and is set on a solid foundation. Metal filigree posts set upon brick pedestals support the flat roof, which features overhanging eaves. Metal balusters finish the porch. Visible fenestration on the rear (west) elevation consists of a single-leaf, flush wood door and a 1/1, double-hung, metal-sash window. A three-course, rowlock brick segmental arch tops each opening.

A one-story, full-width addition, constructed ca. 1990, is located on the rear elevation of the dwelling. Faced with Flemish-bond brick, this addition is capped by a flat roof. An exterior-rear brick chimney rises from the west elevation and has a plain cap. Visible fenestration consists of a single-leaf door and 1/1, double-hung, metal-sash windows. A two-course, rowlock brick segmental arch tops each visible opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is bounded by a concrete block retaining wall. A brick walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. The façade (east elevation) is pierced by a replacement, single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows.

A two-story, full-width addition, constructed ca. 1990, is located on the rear (west) elevation of the dwelling. The wood-frame addition is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, paneled metal door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. Mature shrubs mark the raised front yard, which is bounded by a stone retaining wall topped by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Outbuilding Notes:

**October 2010: A one-story, one-bay garage, constructed ca. 1990, is located west of the dwelling. Constructed of concrete blocks, this garage is capped by a sloping roof. Visible fenestration consists of a roll-up, paneled metal door.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear parged chimney rises from the west elevation. The façade (east elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 2/2, double-hung, wood-sash windows.**

**A two-story, full-width addition is located on the rear (west) elevation and was constructed ca. 1990. A sloping roof caps the parged addition. Visible fenestration consists of sliding glass doors. A two-story deck extends from the rear elevation.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. Mature shrubs mark the raised front yard, which is bounded by a stone retaining wall. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of twelve similar dwellings constructed from the same permit (#1375). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond bond brick. Flush basket-weave brick stringcourses and projecting brick sillcourses span the first and second stories of the facade. A sloping roof caps the building and is accented by a molded metal cornice. The façade (east elevation) is pierced by a single-leaf, multi-light wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a solid foundation. The flat roof is supported by brick posts.

A two-story, full-width addition, constructed ca. 2000, is located on the rear (west) elevation of the dwelling. The addition is faced with stretcher-bond brick and is capped by a sloping roof. Visible fenestration consists of a single-leaf door with lights, paired one-light vinyl sliding windows, and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. Mature shrubs mark the raised front yard, which is bounded by a concrete retaining wall topped by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard, which is paved with concrete.

the west elevation has been covered with corrugated metal.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2789). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (east elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof of the porch features overhanging eaves and is supported by Tuscan wood columns set upon brick pedestals. The rear (west) elevation is clad with aluminum siding and is pierced by 1/1, double-hung, vinyl-sash windows.

A two-story ell, clad with aluminum siding, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is marked with mature shrubs and foundation plantings and is bounded by a stone retaining wall. Concrete steps provide access to the property from the public right-of-way. A metal chain-link fence surrounds the backyard of the property.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

October 2010: Constructed in 1911 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2789). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (east elevation) is fenestrated with a single-leaf, multi-light vinyl door (surmounted by a three-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a solid brick foundation. The flat roof of the porch features overhanging eaves and is supported by Tuscan wood columns set upon brick pedestals.

A two-story stuccoed ell extends from the rear elevation of the dwelling and is original. Visible fenestration on the rear (west) elevation consists of a single-leaf, multi-light wood door and a 1/1, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is marked with mature shrubs and is bounded by a stone retaining wall. Concrete steps provide access to the property from the public right-of-way. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2789). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (east elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a solid foundation. The flat roof of the porch features overhanging eaves and is supported by Tuscan wood columns set upon brick pedestals. The rear (west) elevation was not visible from the public right-of-way.

A two-story ell extends from the rear elevation of the dwelling and is original. The ell is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of double-hung windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is landscaped and is marked with mature shrubs and is bounded by a stone retaining wall. Stone steps provide access to the property from the public right-of-way. A wood fence surrounds the backyard of the property.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, two-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2789). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. An exterior-rear brick chimney rises from the west elevation and has a plain cap. The façade (east elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a stained glass transom) and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a solid foundation. The flat roof of the porch features overhanging eaves and is supported by a Tuscan wood column and a brick post. Visible fenestration on the rear (west) elevation consists of 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of Warren Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The raised front yard is marked with mature shrubs and is bounded by a retaining wall. A walkway provides access to the property from the public right-of-way.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#2828). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. An interior-side brick chimney rises from the east (side) elevation and has a corbeled brick cap. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof features overhanging eaves and is supported by metal filigree posts. Metal balusters complete the porch. The east elevation features fenestration that is consistent with the façade. The rear (south) elevation is pierced by 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A one-story, full-width porch spans the rear elevation of the dwelling and was constructed ca. 1980. The sloping roof is supported by square wood posts.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southwest corner of Warren Street, N.E. and C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised front yard is marked with mature shrubs and is bounded by a concrete block retaining wall. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#2828). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof features overhanging eaves and is supported by metal filigree posts. Metal balusters complete the porch. The rear (south) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A two-story, two-bay ell, constructed of five-course, American-bond brick, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf, wood-frame glass door. A two-course, rowlock brick segmental arch tops each opening.

A one-story, full-width porch spans the rear elevation of the ell. Brick posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is marked with foundation plantings and is bounded by a stone retaining wall. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#2828). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (north elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Tuscan wood columns support the flat roof, which features overhanging eaves. The rear (south) elevation is pierced by 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A two-story, two-bay brick ell, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A one-story, full-width porch is located on the rear elevation of the ell. Square wood posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and is bounded by a retaining wall. A walkway provides access to the property. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#2828). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (north elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation. Tuscan wood columns support the flat roof, which features overhanging eaves. Square wood balusters complete the porch. The rear (south) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are each accented by a two-course, rowlock brick segmental arch.

A two-story, two-bay brick ell, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney with a parged cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family dwelling has an irregular form. Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (northwest elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel accents each opening. A one-story, one-bay porch shelters the primary entry and is set on a wood post foundation. Tuscan wood columns support the flat roof, which features overhanging eaves. Square wood balusters complete the porch. The north (side) and southwest (side) elevations feature fenestration that is consistent with the façade. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the southeast corner of C Street, N.E. and Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, grassy front yard is bounded by a stone retaining wall that is topped by a metal milled point fence. A concrete walkway provides access to the property. A backyard was not visible from the public right-of-way.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2790). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Aluminum siding covers the second story of the façade. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (northwest elevation) is fenestrated with a single-leaf, paneled metal door and 1/1, double-hung, vinyl-sash windows. Fluted pilasters and a molded lintel accent the door entry. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Metal filigree posts support the flat roof, which features overhanging eaves. Metal balusters complete the porch. The rear (southeast) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are each accented by a two-course, rowlock brick segmental arch.

A two-story, two-bay brick ell, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney with a plain cap. Visible fenestration consists of a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A one-story, full-width porch is located on the rear elevation of the ell. Brick posts support the sloping roof.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A metal chain-link fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2790). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (northwest elevation) is fenestrated with a single-leaf door (surmounted by a blind transom), a single-light fixed wood window, and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Metal filigree posts support the flat roof, which features overhanging eaves. Metal balusters finish the porch. The rear (southeast) elevation is pierced by 6/6, double-hung, wood-sash windows, which are each accented by a two-course, rowlock brick segmental arch.

A two-story brick ell, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney with a parged cap.

A two-story, full-width enclosed porch is located on the rear elevation of the ell. The wood-frame enclosed porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a stone retaining wall. A stone walkway provides access to the property. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of nine similar dwellings constructed from the same permit (#2790). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. The façade (northwest elevation) is fenestrated with a single-leaf paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel tops each opening. A one-story, full-width enclosed porch spans the façade and is set on a brick pier foundation with wood lattice infill. Tuscan wood columns support the flat roof, which features overhanging eaves. Square wood balusters finish the porch. The rear (southeast) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are each accented by a two-course, rowlock brick segmental arch.

A two-story brick ell, extends from the rear elevation of the dwelling and is original. A sloping roof caps the ell and is pierced by a semi exterior-side brick chimney with a parged cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A one-story, full-width enclosed porch is located on the rear elevation of the ell. The wood-frame porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf, multi-light wood door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0676). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Basketweave-bond brick stringcourses span the first and second stories of the façade (northwest elevation). A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented dormer marks the false mansard roof. The original openings are boarded with plywood. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a single-leaf paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a solid brick foundation. Brick posts support the flat roof, which features overhanging eaves. Metal balusters finish the porch. The rear (southeast) elevation is pierced by 1/1, double-hung, vinyl-sash windows, which are each accented by a three-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original.

A two-story enclosed porch is located on the rear elevation of the brick ell. The wood-frame enclosed porch is clad with asbestos shingles and is capped by a sloping roof. Visible fenestration consists of 2/2, double-hung, wood-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0676). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Basketweave-bond brick stringcourses span the first and second stories of the façade (northwest elevation). A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented blind dormer marks the false mansard roof. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a replacement, single-leaf paneled wood door with an oval light (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a solid brick foundation. Brick posts set upon brick pedestals support the flat roof, which features overhanging eaves. Square wood balusters finish the porch. The rear (southeast) elevation is pierced by single-leaf, paneled metal doors with lights and single and paired 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A two-story, full-width porch spans the rear elevation of the dwelling and is set on a brick pier foundation. Square wood posts support the sloping roof. Square wood balusters accent each story of the porch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A metal chain-link fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0676). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Basketweave-bond brick stringcourses span the first and second stories of the façade (northwest elevation). A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented dormer marks the false mansard roof and holds triple twelve-light wood windows. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a replacement, single-leaf paneled wood door with an oval light (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Tuscan wood columns set upon brick pedestals support the flat roof, which features overhanging eaves. Square wood balusters finish the porch.

A two-story, full-width enclosed porch spans the rear elevation of the dwelling and is set on a brick pier foundation with brick infill. A six-light wood window pierces the foundation. The wood-frame porch is clad with aluminum siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf, paneled metal door with lights, paired one-light vinyl sliding windows, and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and is bounded by a retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1916 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0676). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Basketweave-bond brick stringcourses span the first and second stories of the façade (northwest elevation). A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented dormer marks the false mansard roof and holds triple twelve-light wood windows. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a single-leaf paneled wood door with lights (surmounted by a stained glass transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Brick posts set upon brick pedestals support the flat roof, which features overhanging eaves. Molded concrete balusters finish the porch.

A two-story, full-width enclosed porch spans the rear elevation of the dwelling. The wood-frame porch is clad with German vinyl siding and is capped by a sloping roof. Visible fenestration consists of sliding glass doors and 1/1, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

A pedimented blind dormer marks the false mansard roof. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a single-leaf, paneled metal door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows with false 9/9 vinyl muntins. A one-story, full-width porch spans the façade and is set on a brick pier foundation with wood lattice infill. Tuscan wood columns set upon brick pedestals support the flat roof, which features overhanging eaves. Metal balusters finish the porch.

A two-story, full-width enclosed porch spans the rear elevation of the dwelling. The wood-frame porch is clad with vinyl siding and is capped by a sloping roof. Visible fenestration consists of double-leaf, wood-frame glass doors and single-light vinyl casement windows with false multi-light vinyl muntins.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and is bounded by a stone retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by Harry A. Kite, this two-story, three-bay Classical Revival-style single-family rowhouse is one of eight similar dwellings constructed from the same permit (#0676). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. Basketweave-bond brick stringcourses span the first and second stories of the façade (northwest elevation). A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented blind dormer marks the false mansard roof. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade is fenestrated with a single-leaf, flush wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. Tuscan wood columns set upon brick pedestals support the flat roof, which features overhanging eaves. Square wood balusters finish the porch.

A two-story, full-width enclosed porch, with a screened second story, spans the rear elevation of the dwelling. The wood-frame porch is clad with aluminum siding on the first story and the second story has a solid balustrade, also clad with aluminum siding. A sloping roof caps the enclosed porch. Visible fenestration consists of a single-leaf, wood door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1916 by William Murphy, this two-story, three-bay Classical Revival-style single-family rowhouse is one of two dwellings constructed from the same permit (#4442). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with block modillions finishes the roof. A pedimented dormer marks the false mansard roof and holds a four-light wood window. An exterior-rear brick chimney rises from the southeast elevation and has a plain cap. The façade (northwest elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom), 6/6, double-hung, wood-sash windows, and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. A concrete lintel tops each opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. A single-leaf door pierces the foundation of the porch. Metal filigree posts set upon brick pedestals support the flat roof, which features overhanging eaves. Square wood balusters finish the porch.

A two-story, full-width enclosed porch is located on the rear elevation of the ell. The wood-frame enclosed porch is clad with German vinyl siding and is capped by a sloping roof. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is marked with foundation plantings and mature shrubs and is bounded by a retaining wall. A concrete walkway provides access to the property. A wood fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010: Constructed ca. 1970, this two-story, five-bay apartment building was influenced by the Modern Movement. Set on a solid, raised foundation, this building is constructed of concrete blocks that are faced with five-course, American-bond brick. A flat roof caps the building. A interior brick chimney pierces the roof. The façade (northwest elevation) is fenestrated with a single-leaf, metal-frame glass door, triple 1/1, double-hung, vinyl-sash windows, and two- and three-light metal casement windows. The primary entry is set within a recessed opening on the façade. The rear (southeast) elevation features fenestration that is consistent with the façade.**

Site Notes:

**October 2010: This two-story apartment building is located on the southeast side of Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy front yard is marked by mature shrubs and is surrounded by a metal chain-link fence set upon a brick retaining wall. Concrete walkways provide access to the building's entrances. A wood fence partially surrounds the backyard.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed ca. 1955, this three-story seven-bay apartment building originally held nine units and was influenced by the Modern Movement. Set on a solid, raised foundation, this irregularly-shaped concrete block building is faced with five-course, American-bond brick. The central facade bay of the building is recessed and brick pilasters rise the full height of the building between the structural bays on the façade. A flat roof caps the building and is finished with concrete coping. Two interior brick chimneys pierce the roof and each has a plain cap. The building is fenestrated with a single-leaf, wood-frame glass door, single-leaf metal doors, single and paired one-light metal casement windows, 1/1, double-hung, vinyl-sash windows, and paired, one-light vinyl sliding windows. An awning shelters the primary entrance on the facade. The side and rear elevations have fenestration that is consistent with the façade.

Site Notes:

**October 2010:** This three-story apartment building is located on the northeast corner of Constitution Avenue, N.E. and Tennessee Avenue, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy yard is marked by mature shrubs and is surrounded by a metal chain-link fence. An asphalt-paved parking lot is located north of the dwelling.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1910 by S.J. Brinkley, this two-story, four-bay Classical Revival-style dwelling is one of three buildings constructed from the same permit (#5018). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is accented by a molded metal cornice and a plain frieze. The façade (east elevation) is pierced with two, single-leaf, paneled metal doors (which are recessed) and single and paired 1/1, double-hung, vinyl-sash windows. Each opening is topped by a three-course, rowlock brick segmental arch. Several openings have been infilled with brick. The north (side) elevation is not fenestrated. The rear (west) elevation features fenestration that is consistent with the façade.**

Site Notes:

**October 2010: This two-story building is located on the west side of Warren Street, N.E. and almost directly fronts the concrete sidewalk. Brick steps with metal balusters provide access to the entries on the east elevation. The rear (west) elevation was not visible from the public right-of-way.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913, this two-story dwelling & store was designed in the Classical Revival style by Edward O. Volland. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is finished with a molded metal cornice and molded stringcourse. The northeast corner of the building has been altered for commercial purposes and is features a central single-leaf, paneled metal door with lights (surmounted by a single-light transom) flanked by projecting storefront bays. The eastern bay is clad with vinyl siding and the northern bay is pierced by single-light windows. Paired one-light vinyl sliding windows pierce the main block and are located above the storefront bays. A molded architrave accents this corner of the building. Additional fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf door. Concrete lintels top each opening.

A two-story, full-width addition, constructed ca. 1940, is located on the rear elevation of the building. Faced with five-course, American-bond brick, this addition is capped by a sloping roof. Visible fenestration consists of single and paired 1/1, double-hung, vinyl-sash windows. Several window openings are topped by a concrete lintel.

A one-story, two-bay addition extends from the rear elevation of the dwelling and was constructed ca. 2000. The wood-frame addition is capped by a side-gabled roof of asphalt shingles. A single-leaf, paneled metal door pierces the east elevation.

Site Notes:

**October 2010:** This two-story building is located on the southwest corner of 14th Street, N.E. and C Street, N.E. and directly fronts the concrete sidewalk at its northeastern corner. The side yard, which abuts the east (side) elevation of the building and is surrounded by a wood picket fence, is grassy and is marked with mature shrubs.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1913, this two-story, two-bay Classical Revival-style single-family rowhouse is one of seven similar dwellings constructed from the same permit (#4347). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). A molded stringcourse spans the façade above the second story openings. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the south elevation and has a parged cap. The façade is pierced by a replacement, single-leaf, paneled metal door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. The rear (south) elevation is parged. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs and trees and is bounded by a brick retaining wall topped by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1913, this two-story, two-bay Classical Revival-style single-family rowhouse is one of seven similar dwellings constructed from the same permit (#4347). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). A molded stringcourse spans the façade above the second story openings. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade is pierced by a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a solid concrete slab. Tuscan wood columns support the flat roof, which features overhanging eaves. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the sidewalk. The grassy front yard is marked by mature shrubs and is bounded by a stone retaining wall. A metal chain-link fence partially surrounds the front yard. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1913, this two-story, two-bay Classical Revival-style single-family rowhouse is one of seven similar dwellings constructed from the same permit (#4347). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). A molded stringcourse spans the façade above the second story openings. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the south elevation and has a plain cap. The façade is pierced by a single-leaf door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a solid concrete slab. Brick posts, set upon brick pedestals, support the flat roof, which features overhanging eaves. Visible fenestration on the rear (south) elevation consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs, small trees, and foundation plantings and is bounded by a stone retaining wall. A metal milled point fence surrounds the front yard. A stone walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913, this two-story, two-bay Classical Revival-style single-family rowhouse is one of seven similar dwellings constructed from the same permit (#4347). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). A molded stringcourse spans the façade above the second story openings. A sloping roof caps the building and is accented by a molded metal cornice. The façade is pierced by a single-leaf door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a solid concrete slab. Brick posts, set upon brick pedestals, support the sloping roof, which features overhanging eaves.

A two-story, full-width addition, with a second story solarium, is located on the rear (south) elevation of the dwelling and was constructed ca. 1980. The addition is constructed of concrete blocks and has been parged.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs, small trees, and foundation plantings and is bounded by a metal picket fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1913, this two-story, two-bay Classical Revival-style single-family rowhouse is one of seven similar dwellings constructed from the same permit (#4347). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). A molded stringcourse spans the façade above the second story openings. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-side brick chimney rises from the west (side) elevation and has a plain cap. An exterior-rear brick chimney, with a removed chimney stack, rises from the south elevation. The façade is pierced by a single-leaf door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a concrete lintel. A one-story, full-width porch spans the façade and is set on a solid concrete slab. Square wood posts support the flat roof, which features overhanging eaves. Visible fenestration on the rear (south) elevation consists of a single-leaf, paneled metal door with lights and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening. A two-story wood deck extends from the rear elevation of the dwelling.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the south side of C Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is landscaped with mature shrubs, small trees, and foundation plantings and is bounded by a concrete retaining wall. A metal milled point fence surrounds the front yard. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1886 by Charles Gessford, this one-story, two-bay Italianate-style single-family rowhouse is an urban interpretation of the shotgun form and is one of twelve similar dwellings constructed from the same permit (#2173). The dwelling has been altered and was enlarged when it was combined with 1351 C Street, N.E. Set on a solid brick foundation, this brick dwelling is faced with stretcher-bond brick on the façade (north elevation). Brick stringcourses ornament the façade. A sloping roof caps the building and is accented by a molded metal cornice and brick corbeling. The façade is pierced by 1/1, double-hung, vinyl-sash windows. Each opening is finished with a two-course, rowlock brick segmental arch. The westernmost bay was originally a door opening. The rear (south) elevation is parged. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This one-story, single-family dwelling is located on the south side of C Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The landscaped front yard is marked by mature shrubs and plantings and is surrounded by a metal milled point fence. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1886 by Charles Gessford, this one-story, two-bay Italianate-style single-family rowhouse is an urban interpretation of the shotgun form and is one of twelve similar dwellings constructed from the same permit (#2173). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick on the façade (north elevation), which is ornamented with brick stringcourses. A sloping roof caps the building and is accented by a molded metal cornice and brick corbeling. The façade is pierced by a 1/1, double-hung, vinyl-sash window with false 6/6 vinyl muntins and a single-leaf, paneled metal door (surmounted by a single-light transom). Each opening is finished with a two-course, rowlock brick segmental arch.

A one-story ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. The rear (south) elevation of the ell is clad with German vinyl siding. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This one-story, single-family dwelling is located on the south side of C Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard is marked by mature plantings and is partially surrounded by a metal milled point fence. A concrete walkway provides access to the primary entry. A wood fence surrounds the backyard.

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1886 by Charles Gessford, this one-story, two-bay Italianate-style single-family rowhouse is an urban interpretation of the shotgun form and is one of twelve similar dwellings constructed from the same permit (#2173). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick on the façade (north elevation), which is ornamented with brick stringcourses. A sloping roof caps the building and is accented with brick corbeling. The façade is pierced by a 1/1, double-hung, vinyl-sash window and a single-leaf, paneled metal door (surmounted by a blind transom). Each original opening is finished with a two-course, rowlock brick segmental arch. A single-leaf door pierces the rear (south) elevation of the dwelling.

A one-story parged ell extends from the rear elevation of the dwelling and is original. An interior-rear parged chimney rises from the southwest corner of the ell. Visible fenestration consists of a 1/1, double-hung, vinyl-sash window.

Site Notes:

**October 2010:** This one-story, single-family dwelling is located on the south side of C Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard is surrounded by a metal milled point fence. A concrete walkway provides access to the primary entry. The backyard is paved with concrete and is partially surrounded by a wood fence.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**The original separate building lots for 1337 and 1339 could not be determined and therefore have been combined as one record.**

**1339 C Street, N.E.  
1033/0147**

**October 2010:** Constructed in 1886 by Charles Gessford, this one-story, two-bay Italianate-style single-family rowhouse is an urban interpretation of the shotgun form and is one of twelve similar dwellings constructed from the same permit (#2173). Set on a solid brick foundation, this brick dwelling is covered with Permastone on the façade (north elevation). A sloping roof caps the building. The façade is pierced by 1/1, double-hung, vinyl-sash windows. Each opening is surmounted by a Permastone segmental arch. The westernmost bay was originally a door opening.

**1337 C Street, N.E. (Prior to 1928 known as 1337A and post 1960 became part of 1339)**

**October 2010:** Constructed in 1886 by Charles Gessford, this one-story, two-bay Italianate-style single-family rowhouse is an urban interpretation of the shotgun form and is one of twelve similar dwellings constructed from the same permit (#2173). Set on a solid brick foundation, this brick dwelling is covered with Permastone on the façade (north elevation). A sloping roof caps the building. The façade is pierced by a 1/1, double-hung, vinyl-sash window and a single-leaf, wood-frame glass door. Each opening is surmounted by a Permastone segmental arch. The west (side) elevation is fenestrated with a single-leaf door and a 1/1, double-hung, vinyl-sash window.

**Prior to 2000, 1337 and 1339 were merged to create a one-story, four-bay dwelling. A one-story, full-width addition spans the rear elevation of both and was constructed ca. 2000. The wood-frame addition is clad with Hardiplank siding and is capped by a sloping roof. Fenestration was not visible from the public right-of-way.**

Site Notes:

**October 2010:** This one-story, single-family dwelling is located on the south side of C Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard is surrounded by a metal milled point fence. A brick walkway provides access to the primary entry. The backyard is laid with brick and is partially surrounded by a tall privacy fence.

## STYLE/EXTERIOR DATA

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by A.F. Wood, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#3750). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses ornament the façade. A sloping roof caps the building and is accented by a metal cornice and brick corbeling. The façade (west elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a corbeled two-course, rowlock brick segmental arch with a header brick cap. Visible fenestration on the rear (east) elevation consists of 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-rear brick chimney pierces the roof and has a plain cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. Each opening is accented by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and is set back approximately five feet from the concrete sidewalk. The small, raised front yard is marked with mature shrubs and trees and is bounded by a stone retaining wall. Concrete steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed in 1911 by A.F. Wood, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#3750). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses ornament the façade. A sloping roof caps the building and is accented by a metal cornice and brick corbeling. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. Each opening is topped by a corbeled two-course, rowlock brick segmental arch with a header brick cap. The rear (east) elevation is parged. Visible fenestration consists of sliding glass doors. A two-story, wood-frame deck extends from the rear elevation.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and is set back approximately five feet from the concrete sidewalk. The small, raised front yard is marked with mature shrubs and trees and is bounded by a brick retaining wall. Concrete steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by T.L. Lewis, this two-story, two-bay Classical Revival-style single-family rowhouse is one of three similar dwellings constructed from the same permit (#0600). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a molded metal cornice and brick corbeling. A corbeled brick stringcourse ornaments the façade above the second story opening. The façade (west elevation) is pierced by a single-leaf, wood-frame glass door (surmounted by a single-light transom) and single and paired 1/1, double-hung, wood-sash windows. A concrete lintel, topped by flush and recessed rowlock bricks, tops each opening.

A two-story, full-width addition, constructed ca. 1970, is located on the rear (east) elevation of the dwelling. The parged addition is capped by a sloping roof and is fenestrated with 1/1, double-hung, metal-sash windows and single-leaf, metal-frame glass doors. A metal enamel spandrel separates the first and second story fenestration.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and is set back approximately five feet from the concrete sidewalk. The small, raised front yard is marked with mature shrubs and trees and is bounded by a concrete retaining wall. Concrete steps provide access to the property from the public sidewalk. A tall, parged wall surrounds the backyard of the property.

**Shed**

Outbuilding Notes:

**October 2010: A one-story, one-bay prefabricated shed, constructed ca. 2005, is located east of the dwelling. The wood-frame shed is clad with T-111 siding and is capped by a shed roof of asphalt shingles. Fenestration was not visible from the**

public right-of-way.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by T.L. Lewis, this two-story, two-bay Classical Revival-style single-family rowhouse is one of three similar dwellings constructed from the same permit (#0600). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is accented by a molded metal cornice and brick corbeling. A corbeled brick stringcourse ornaments the façade above the second story openings. The façade (west elevation) is pierced by a single-leaf, paneled wood door (surmounted by a single-light transom) and single and paired 1/1, double-hung, vinyl-sash windows. A concrete lintel, topped by flush and recessed rowlock bricks, tops each opening. Visible fenestration on the rear (east) elevation consists of 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and is set back approximately five feet from the concrete sidewalk. The small, raised front yard is marked with mature shrubs and is bounded by a concrete retaining wall. Concrete steps provide access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1940 by Preston Wire, this two-story, two-bay duplex was influenced by the Modern Movement and is one of five similar buildings constructed from the same permit (#233494). Set on a solid concrete block foundation, this concrete block building is faced with six-course, American-bond brick. Multiple projecting brick stringcourses and decorative concrete panels ornament the façade (west elevation). A sloping roof caps the building and is accented by metal coping. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade is fenestrated with a single-leaf door and single and paired 1/1, double-hung, vinyl-sash windows. An awning shelters the primary entrance and is covered with slate shingles. Visible fenestration on the rear (east) elevation consists of single-leaf, paneled wood doors and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story duplex is located on the east side of Warren Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is landscaped with English ivy and mature plantings and is bounded by a retaining wall. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1940 by Preston Wire, this two-story, two-bay duplex was influenced by the Modern Movement and is one of five similar buildings constructed from the same permit (#233494). Set on a solid concrete block foundation, this concrete block building is faced with six-course, American-bond brick. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade is fenestrated with a single-leaf, paneled wood door with an oval light and single and paired 1/1, double-hung, vinyl-sash windows. An awning shelters the primary entrance and is covered with slate shingles. Visible fenestration on the rear (east) elevation consists of single-leaf, paneled wood doors and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story duplex is located on the east side of Warren Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The raised, front yard is landscaped mature shrubs and foundation plantings and is bounded by a concrete retaining wall. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1940 by Preston Wire, this two-story, two-bay duplex was influenced by the Modern Movement and is one of five similar buildings constructed from the same permit (#233494). Set on a solid concrete block foundation, this concrete block building is faced with six-course, American-bond brick. Multiple projecting brick stringcourses and decorative concrete panels ornament the façade (west elevation). A sloping roof caps the building and is accented by metal coping. An exterior-rear brick chimney rises from the east elevation and has a plain cap. The façade is fenestrated with a single-leaf, paneled metal door with lights and single and paired 1/1, double-hung, vinyl-sash windows. A stackbond brick surrounds accents the door entry. An awning shelters the primary entrance and is covered with slate shingles. Visible fenestration on the rear (east) elevation consists of single-leaf, paneled wood doors with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom), 6/9, double-hung, wood-sash windows and a 1/1, double-hung, vinyl-sash window. Each opening is topped by a soldier brick segmental arch.

A two-story gabled ell, capped by a sloping roof, extends from the rear (east) elevation of the dwelling and is original. Visible fenestration consists of single-leaf, multi-light wood doors. A two-story wood-frame deck is located on the rear elevation.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and directly fronts the concrete sidewalk. A wood fence surrounds the backyard.

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. The façade (west elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 6/6, double-hung, wood-sash windows. Each opening is topped by a soldier brick segmental arch. Visible fenestration on the rear (east) elevation consists of double-hung windows. Each opening is topped by a soldier brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf, multi-light wood door.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and directly fronts the concrete sidewalk. A wood fence surrounds the backyard.

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. The façade (west elevation) is fenestrated with a single-leaf, wood-frame glass door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a soldier brick segmental arch. Visible fenestration on the rear (east) elevation consists of single-light vinyl casement windows. Each opening is topped by a soldier brick segmental arch.

A two-story parged ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of sliding glass doors and 1/1, double-hung, vinyl-sash windows. A two-story, wood-frame deck was under construction at the time of the October 2010 architectural survey.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and directly fronts the concrete sidewalk. A wood fence surrounds the backyard.

Exterior & Architectural Notes:

October 2010: Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. The façade (west elevation) is fenestrated with a single-leaf, paneled metal door with lights (surmounted by a blind transom) and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Each opening is topped by a soldier brick segmental arch. Visible fenestration on the rear (east) elevation consists of 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Each opening is topped by a soldier brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. The rear elevation is parged. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the east side of Warren Street, N.E. and directly fronts the concrete sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. An interior-rear brick chimney rises from the northeast corner and has a plain cap. A decorative brick beltcourse encircles the building above the second story openings. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom), 6/6, double-hung, wood-sash windows, and 1/1, double-hung, vinyl-sash windows with false 6/6 vinyl muntins. Each second story opening is topped by a soldier brick segmental arch. The west (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. Each opening is topped by a soldier brick segmental arch. Visible fenestration on the rear (north) elevation is consistent with the façade.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the northeast corner of Constitution Avenue, N.E. and Warren Street, N.E. and is set back approximately five feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings. A wood fence surrounds the backyard.

Architectural Style(s)

**Italianate**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1889 by Henry S. Loeffler, this two-story, two-bay Italianate-style single-family rowhouse is one of fourteen similar dwellings constructed from the same permit (#2106). Set on a solid brick foundation, this brick dwelling is faced with seven-course, American-bond brick. A sloping roof caps the building and is complemented by a corbeled brick cornice. A decorative brick stringcourse spans the façade above the second story openings. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is topped by a soldier brick segmental arch. The rear (north) elevation was not visible from the public right-of-way.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the north side of Constitution Avenue, N.E. and is set back approximately five feet from the brick sidewalk. The grassy front yard is marked by mature shrubs and trees and is surrounded by a metal bow and picket fence. The backyard was not visible from the public right-of-way.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Modern**

Exterior & Architectural Notes:

**October 2010:** Constructed ca. 1955, this three-story, seven-bay apartment building was influenced by the Classical Revival style. Set on a solid concrete block foundation, this concrete block building is faced with six-course, American-bond brick. A flat roof caps the building and is accented by metal coping. An exterior-side brick chimney rises from the west (side) elevation and has a plain cap. Multiple brick beltcourses encircle the building above the third story openings. The central bay on the façade (south elevation) holds a single-leaf, paneled wood door. Sidelights flank the entry, which is topped by a molded concrete lintel. Additional fenestration on the façade consists of single and paired 1/1, double-hung, vinyl-sash windows. The side and rear elevations feature fenestration that is consistent with the façade.

Site Notes:

**October 2010:** This three-story apartment building is located on the northwest corner of Constitution Avenue, N.E. and 14th Street, N.E. and is set back approximately five feet from the brick sidewalk. The grassy front yard is landscaped with mature shrubs, trees, and foundation plantings and is surrounded by a metal fence. A concrete walkway provides access to the property. An asphalt parking lot is located west of the dwelling.

**October 2010: A one-story, two-bay prefabricated shed is located west of the dwelling and was constructed ca. 2000. The wood-frame shed is clad with T-111 siding and is capped by a shed roof of asphalt shingles. Overhanging eaves finish**

the roof. Double-leaf wood doors and a window pierce the west elevation.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915 by Arthur F. Wood, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#4449). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is finished with a molded metal cornice and brick corbeling. The façade (east elevation) is fenestrated with a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A corbeled, two-course, rowlock brick segmental arch with a header brick cap tops each opening. The rear (west) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. A semi exterior-side brick chimney rises from the north (side) elevation and has a parged cap. Visible fenestration consists of a single-leaf, wood-frame glass door and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is bounded by a metal bow and milled point fence. A walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

<b>Shed</b>	

Outbuilding Notes:

**October 2010: A one-story prefabricated shed is located west of the dwelling and was constructed ca. 2005. The wood-frame shed is clad with T-111 siding and is capped by a shed roof of asphalt shingles. Fenestration was not visible from the public right-of-way.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010: Constructed in 1915 by Arthur F. Wood, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#4449). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is finished by a molded metal cornice and brick corbeling. The façade (east elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A corbeled, two-course, rowlock brick segmental arch with a header brick cap tops each opening. The rear (west) elevation was not visible from the public right-of-way.**

**A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. A semi exterior-side brick chimney rises from the north (side) elevation. Visible fenestration consists of a 1/1, double-hung, vinyl-sash windows, which is topped by a two-course, rowlock brick segmental arch.**

**A one-story addition infills the ell and was constructed ca. 1970. Faced with brick, this addition is capped by a sloping roof.**

Site Notes:

**October 2010: This two-story, single-family rowhouse is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is bounded by a metal bow and milled point fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.**

Exterior & Architectural Notes:

October 2010: Constructed in 1915 by Arthur F. Wood, this two-story, three-bay Classical Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#4449). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is finished by a molded metal cornice and brick corbeling. The façade (east elevation) is fenestrated with a replacement, single-leaf, paneled metal door with lights (surmounted by paired one-light vinyl sliding windows) and 1/1, double-hung, vinyl-sash windows. A corbeled, two-course, rowlock brick segmental arch with a header brick cap tops each opening. The rear (west) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. A semi exterior-side brick chimney rises from the north elevation and has a plain cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. Two-course, rowlock brick segmental arches top each opening.

Site Notes:

October 2010: This two-story, single-family rowhouse is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the sidewalk. The front yard is marked by mature shrubs and is bounded by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1922 by J.A. Richards, this two-story, two-bay Classical Revival-style single-family rowhouse is one of two dwellings constructed from the same permit (#9159). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A soldier brick stringcourse spans the façade and is located above the second story openings. A sloping roof caps the building and is fronted along the façade by a false mansard roof of slate shingles. Two pedimented dormers mark the false mansard roof and each holds a six-light wood window. The façade (east elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and single and paired 1/1, double-hung, vinyl-sash windows. A soldier brick flat arch tops each first story opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation that has been partially infilled with concrete blocks. Metal filigree posts, set upon brick pedestals, support the flat roof, which features overhanging eaves. The rear (west) elevation was not visible from the public right-of-way.

A two-story ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. The ell is parged and features an exterior-rear parged chimney rising from the west elevation. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal bow and picket fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1893 by L.A. Sheets, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a projecting bay rising the full height of the façade and a two-story ell extending from the rear elevation. The bay, which features chamfered corners and brick corbeling, has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Set on a solid brick and concrete foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick and rock-faced concrete stringcourses ornament the façade. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with brick corbeling and dentils finish the roof. The façade (east elevation) is fenestrated with a single-leaf door (topped by a single-light fanlight) and single and paired 1/1, double-hung, vinyl-sash windows. A single-leaf door pierces the foundation. A rock-faced concrete, round-headed arch tops the fanlight of the primary entry and features a molded keystone.

A two-story parged ell extends from the rear (west) elevation of the dwelling and is parged. An interior-rear parged chimney rises from the west elevation and has a plain cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is landscaped with mature shrubs and is bounded by a metal fence. A concrete walkway provides access to the primary entrance of the dwelling. A fence surrounds the backyard of the property.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1912 by Henry Wahl, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear elevation. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick and rock-faced concrete stringcourses ornament the façade. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice with brick corbeling and dentils finish the roof. The façade (east elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light fanlight) and 1/1, double-hung, vinyl-sash and wood-sash windows. A single-leaf door pierces the foundation. A rock-faced concrete, round-headed arch tops the fanlight of the primary entry and features a molded keystone.

A two-story ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-rear brick chimney rises from the west elevation and has a plain cap.

A two-story porch, with an enclosed second story, is located on the rear elevation of the ell. The wood-frame second story is clad with vinyl siding and is capped by a sloping roof. Square wood posts support the second story. Visible fenestration consists of 1/1, double-hung, wood-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is landscaped with mature shrubs and is bounded by a metal bow and picket fence. A concrete walkway provides access to the primary entrance of the dwelling. A fence surrounds the backyard of the property.

Architectural Style(s)

Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed in 1915, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear elevation. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses ornament the façade. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice finishes the roof. The façade (east elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light fanlight), paired one-light vinyl sliding windows, and 1/1, double-hung, wood-sash windows. A soldier brick, elliptical arch tops the fanlight of the primary entry and features rock-faced concrete impostes and a keystone. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-rear brick chimney rises from the west elevation and has a parged cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf door.

A two-story porch, with an enclosed second story, is located on the rear elevation of the ell. The wood-frame second story is clad with German wood siding and is capped by a sloping roof. Square wood posts support the second story. Visible fenestration consists of 1/1, double-hung, wood-sash windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is bounded by a metal bow and picket fence. A concrete walkway provides access to the primary entrance of the dwelling. A wood fence surrounds the backyard of the property.

Architectural Style(s)

Queen Anne

Exterior & Architectural Notes:

October 2010: Constructed in 1915, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear elevation. The bay has the same material treatment as the main block and is capped by a pyramidal roof of slate shingles. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses ornament the façade. A sloping roof caps the building and is fronted by a false mansard roof of slate shingles. A molded metal cornice finishes the roof. The façade (east elevation) is fenestrated with a single-leaf, wood-frame glass door (topped by a single-light fanlight), eight-light wood windows, and 1/1, double-hung, vinyl-sash windows. A rock-faced concrete lintel tops each window opening and a soldier brick, elliptical arch tops the fanlight of the primary entry and features rock-faced concrete imposts and a keystone. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An interior-rear brick chimney rises from the west elevation and has a parged cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows and a single-leaf, paneled wood door with lights.

A two-story porch, with an enclosed second story, is located on the rear elevation of the ell. The wood-frame second story is clad with vinyl siding and is capped by a sloping roof. Square wood posts support the second story. Visible fenestration consists of paired two-light wood casement windows.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is bounded by a metal bow and picket fence. A concrete walkway provides access to the primary entrance of the dwelling. A wood fence surrounds the backyard of the property.

Architectural Style(s)

**Queen Anne**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1915, this two-story, two-bay single-family dwelling was designed in the Queen Anne style. The dwelling is composed of a two-story main block with a projecting canted bay rising the full height of the façade and a two-story ell extending from the rear elevation. The bay has the same material treatment as the main block and is capped by a pyramidal roof of asphalt shingles. Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. Multiple brick stringcourses ornament the façade. A sloping roof caps the building and is fronted by a false mansard roof of asphalt shingles. A molded metal cornice finishes the roof. The façade (east elevation) is fenestrated with a single-leaf door (topped by a single-light fanlight) and 1/1, double-hung, metal-sash windows. A rock-faced concrete lintel tops each window opening and a soldier brick, elliptical arch tops the fanlight of the primary entry and features rock-faced concrete imposts and a keystone. The rear (west) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf door with lights and 1/1, double-hung, wood-sash windows. Each opening is surmounted by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is landscaped with mature shrubs and foundation plantings and is bounded by a metal bow and milled point fence. A concrete walkway provides access to the primary entrance of the dwelling. A wood fence surrounds the backyard of the property.

Outbuilding Notes:

**October 2010: A one-story prefabricated shed, constructed ca. 2000, is located west of the dwelling. The wood-frame shed is clad with vinyl siding and is capped by a shed roof of asphalt shingles. Fenestration was not visible from the public right-of-**

way.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

October 2010: Constructed in 1907 by T.L. Lewis, this two-story, three-bay Classical Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#0601). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is finished with a molded metal cornice with brick corbeling. The façade (east elevation) is pierced by a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel tops each opening. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. Visible fenestration consists of a single-leaf door and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy front yard is marked by small trees and is surrounded by metal fence topped by a wood boards. A walkway provides access to the primary entrance of the dwelling from the public sidewalk. A wood fence surrounds the backyard.

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1907 by T.L. Lewis, this two-story, three-bay Classical Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#0601). Set on a solid concrete foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is finished with a molded metal cornice with brick corbeling. The façade (east elevation) is pierced by a single-leaf, flush wood door with a diamond light (surmounted by a single-light transom) and 1/1, double-hung, wood-sash windows. A concrete lintel tops each opening. The rear (west) elevation is pierced by 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each opening.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An exterior-side brick chimney rises from the south elevation and has a plain cap.

A two-story, full-width enclosed porch, capped by a sloping roof, is located on the rear elevation of the ell. The wood-frame addition is clad with vinyl siding and is set on a solid foundation. Visible fenestration consists of a single-leaf door with lights and 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy front yard is marked by mature shrubs and foundation plantings and is bounded by a retaining wall. A brick walkway, with steps, provides access to the primary entrance of the dwelling from the public sidewalk. A metal chain-link fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by H.F. Wood, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#4203). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is accented by a molded metal cornice with brick corbeling. The façade (east elevation) is pierced by a single-leaf, paneled door (surmounted by a three-light transom) and 1/1, double-hung, vinyl-sash windows. A corbeled two-course, rowlock brick segmental arch with a header brick cap finishes each opening. The rear (west) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. An exterior-side brick chimney rises from the south elevation and has a plain cap. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The front yard is marked by mature shrubs and foundation plantings and is bounded by a concrete block retaining wall. A brick walkway, with steps, provides access to the primary entrance of the dwelling from the public sidewalk. A wood fence surrounds the backyard.

## STYLE/EXTERIOR DATA

Architectural Style(s)

**Classical Revival**

Exterior & Architectural Notes:

**October 2010:** Constructed in 1911 by H.F. Wood, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#4203). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. Multiple brick stringcourses span the façade. A sloping roof caps the building and is accented by a molded metal cornice with brick corbeling. The façade (east elevation) is pierced by a single-leaf door (surmounted by a single-light transom) and 2/2, double-hung, wood-sash windows. A corbeled two-course, rowlock brick segmental arch with a header brick cap finishes each opening. The rear (west) elevation was not visible from the public right-of-way.

A two-story brick ell, capped by a sloping roof, extends from the rear elevation of the dwelling and is original. A semi exterior-side brick chimney rises from the south elevation and has a parged cap. Visible fenestration consists of 2/2, double-hung, wood-sash windows. Each opening is topped by a two-course, rowlock brick segmental arch.

A one-story, full-width addition, constructed ca. 1985, is located on the rear elevation of the ell. The wood-frame addition is clad with German vinyl siding and is capped by a sloping roof. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

**October 2010:** This two-story, single-family rowhouse is located on the west side of 14th Street, N.E. and is set back approximately fifteen feet from the concrete sidewalk. The grassy front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal bow and milled point fence. A concrete retaining wall bounds the yard. A concrete walkway, with steps, provides access to the primary entrance of the dwelling from the public sidewalk. A metal chain-link fence surrounds the backyard.

**Garage**

Outbuilding Notes:

**October 2010: A one-story, one-bay garage, constructed ca. 1925, is located west of the dwelling. The wood-frame garage is clad with corrugated metal and is capped by a sloping roof. Folding metal doors fenestrate the west elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed ca. 1915, this two-story, two-bay Classical Revival-style single-family dwelling was likely constructed with 252-256 14th Street, N.E. Set on a solid foundation, this brick dwelling is faced with stretcher-bond brick. A sloping roof caps the building and is accented by a molded metal cornice. The façade (east elevation) is pierced by a single-leaf door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel tops each opening. A one-story, full-width porch, set on a solid concrete foundation, spans the façade. Tuscan wood columns, set upon brick pedestals, support the roof, which features overhanging eaves.

A two-story, two-bay enclosed porch extends from the rear (west) elevation of the dwelling. The wood-frame enclosed porch is clad with vinyl siding and T-111 siding and is capped by a sloping roof. Paired one-light vinyl sliding windows pierce the enclosed porch.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately twenty feet from the concrete sidewalk. The raised, grassy front yard is marked by mature shrubs and is surrounded by a metal fence. A concrete walkway provides access to the property from the public sidewalk. A wood fence surrounds the backyard.

Outbuilding Type Contributing Status

**Shed**

Outbuilding Notes:

**October 2010: A one-story, one-bay prefabricated shed is located west of the dwelling. The shed is clad with rubber siding and is capped by a gabled roof. Double-leaf rubber doors pierce the west elevation.**

## STYLE/EXTERIOR DATA

Architectural Style(s)

### Classical Revival

Exterior & Architectural Notes:

October 2010: Constructed ca. 1915, this two-story, two-bay Classical Revival-style single-family dwelling was likely constructed with 250-254 14th Street, N.E. Set on a solid foundation, this brick dwelling is faced with PermaStone. A sloping roof caps the building and is accented by a molded metal cornice. An exterior-rear brick chimney rises from the west elevation and has a plain cap. The façade (east elevation) is pierced by a single-leaf, paneled door with lights (surmounted by a blind transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch, set on a solid concrete foundation, spans the façade. Posts, covered with PermaStone, support the roof. A solid balustrade, covered with PermaStone, finishes the porch. Visible fenestration on the rear (west) elevation consists of 1/1, double-hung, vinyl-sash windows and single-leaf, paneled metal door. A two-course, rowlock brick segmental arch tops each opening.

Site Notes:

October 2010: This two-story, single-family dwelling is located on the west side of 14th Street, N.E. and is set back approximately twenty feet from the concrete sidewalk. The raised, front yard is marked by mature shrubs and foundation plantings and is bounded by a brick retaining wall. A metal chain-link fence surrounds the front yard. A concrete walkway provides access to the property from the public sidewalk. A metal chain-link fence surrounds the backyard.
