STYLE/EXTERIOR DATA

Architectural Style(s)

Queen Anne (Classical Revival)

Exterior & Architectural Notes:

October 2010: This two-story, two-bay single dwelling was constructed in 1891 by owner/builder J.W. Swainson. One of two attached buildings, the house reflects the Queen Anne and Classical Revival styles. Constructed of irregularly coursed American-bond brick, the house sits on a solid foundation (not visible) and is capped by a flat roof. The molded cornice is augmented by brick modillions. An interior brick chimney with a plain cap pierces the roof. Fenestration consists of single and paired 1/1, double-hung, vinyl-sash windows with concrete lug sills and segmental brick arches with prismatic billets. The main entry, a single-leaf paneled wood door, has a blind transom and a segmental brick arch with prismatic billets. A round-arched opening to the west of the entry provides access to a dogtrot that leads to the back yard. A second-story oriel dominates the façade. The flat-roofed, wood-frame oriel is faced with reeded metal panels and is fenestrated with one-light vinyl casements. Scrolled wood brackets support the oriel. The rear elevation was not accessible due to safety concerns.

Site Notes:

October 2010: This twin dwelling sits on the north side of the street on a grassy level lot enclosed with a metal chainlink fence. The house has a setback of approximately 30 feet from the brick sidewalk. A gravel driveway located to the west of 1414 Maryland Avenue, N.E. provides access to the rear of the dwelling.

Exterior & Architectural Notes:

October 2010: This one-story gas station and garage was constructed in 1958 for the Esso Standard Oil Company. The concrete-block building has a flat roof edged by a low parapet and pierced by an interior brick chimney with a plain cap. A one-story, two-bay projecting flat-roofed bay is located on the west elevation, which appears to have been used as the façade. The wood-frame bay is clad with metal panels and is fenestrated with two single-leaf flush metal doors edged with sidelights that are partially boarded. A vehicular bay on the west elevation is boarded with plywood. Three vehicular openings on the south elevation are also boarded with plywood. The building is currently vacant.

Site Notes:

October 2010: This gas station is located on the northeast corner of 14th Street, N.E. and Maryland Avenue, N.E. The building sits on an asphalt paved lot and is encircled with a metal chainlink fence.

STYLE/EXTERIOR DATA

Architectural Style(s)

Italianate

Exterior & Architectural Notes:

October 2010: Based on tax assessment research, this Italianate-style building was constructed between 1872 and 1873. Alternately addressed as 1427 H Street, N.E., the vacant building has a nearly identical façade on H Street, N.E. The two-story, four-bay building consists of two commercial units on the first story and residential space on the second story. The brick building is veneered with stretcher-bond brick. The sloping roof, which was not visible from the public right-of-way, is finished with overhanging eaves and a molded metal cornice with modillions, scrolled brackets, and dentil molding. The two-bay-wide commercial storefronts are capped by an intermediate molded metal cornice with modillions. The window openings on the storefronts are boarded with T1-11 siding. The two entries contain replacement single-leaf doors. The western entry consists of a wood-frame glass door and the eastern entry holds a paneled metal door. Window openings on the second story are set in segmental arches. The 1/1, double-hung, vinyl-sash windows rest on concrete lug sills.

Site Notes:

October 2010: This building sits on the north side of the street on a concrete-paved lot. It has a setback of approximately 20 feet from the public brick sidewalk. The eastern and western edges of the front yard are lined by a wood privacy fence.
