Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

February 2008: Constructed in 1911 by John H. Lewis, this two-story Classical Revival-style building was erected as a dwelling & grocery. The building is composed of a two-story, rectangular block with a canted southwest corner and a full-height square bay on the south (side) elevation. Set on a solid concrete foundation, this brick building is faced with five-course, American-bond brick. A molded architrave wraps from the west elevation to the south elevation and is located above the first story openings. A sloping roof caps the building and is accented by a molded metal cornice with dentils. A single-leaf, paneled door with lights and 4/1, double-hung, wood-sash windows fenestrate the building. Each window opening is surmounted by a two-course, rowlock brick segmental arch. A projecting bay, now clad with T-111 siding, extends from the west elevation of the building and is set on a solid foundation. A second projecting bay extends from the south elevation and holds fixed single-light windows. The rear (east) elevation was not photographed or surveyed by the volunteer surveyor.

Site Notes:

February 2008: This two-story dwelling & grocery is located on the northeast corner of Constitution Avenue, N.E. and 15th Street, N.E. and directly fronts the concrete sidewalk. The building is set on a level lot and the rear yard is surrounded by a wood fence.

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1911 by John H. Lewis, this two-story, three-bay single-family dwelling was designed in the Classical Revival style. Set on a solid concrete foundation, this brick dwelling is faced with American-bond brick. Multiple projecting stringcourses ornament the façade. A sloping roof caps the building and is accented by a molded metal cornice with dentils. The façade (west elevation) is fenestrated with a single-leaf door (surmounted by a single-light transom and three-course, rowlock brick segmental arch) and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch tops each first story window opening and a concrete lintel surmounts each second story opening. The rear (east) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the east side of 15th Street, N.E. and is set back approximately ten feet from the brick sidewalk. The small front yard is bounded by a brick retaining wall. A concrete walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1911 by John H. Lewis, this two-story, three-bay single-family dwelling was designed in the Classical Revival style. The dwelling is composed of a two-story, rectangular block with a two-story ell extending from the rear elevation and a full-height canted bay projecting from the north (side) elevation. The canted bay is original and has the same material treatment as the main block. Set on a solid concrete foundation, this brick dwelling is faced with American-bond brick. Multiple projecting stringcourses ornament the façade. A sloping roof caps the building and is accented by a molded metal cornice with dentils. An interior-side brick chimney rises from the north elevation and has a plain cap. The façade (west elevation) is fenestrated with a single-leaf, paneled wood door with a single-light (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A concrete lintel surmounts each second story opening. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by Tuscan wood columns. Square wood balusters finish the porch. The north elevation is fenestrated with 1/1, double-hung, vinyl-sash windows and each is surmounted by a concrete lintel. The rear (east) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the southeast corner of 15th Street, N.E. and North Carolina Avenue, N.E. and is set back approximately five feet from the brick sidewalk. The small front yard is bounded by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. The rear yard is surrounded by a fence and was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1906 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family dwelling was originally one of six similar dwellings constructed from the same permit (#2956). Only 1519 and 1521 North Carolina Avenue, N.E. are extant. Set on a solid brick foundation, this wood-frame dwelling is clad with Hardiplank siding. A sloping roof caps the building and is accented by a molded cornice with scrolled modillions and brackets. The façade (northwest elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A one-story, full-width porch spans the façade and is set on a solid concrete foundation. The flat roof, featuring overhanging eaves, is supported by square wood posts. Square wood balusters encircle the porch, which is accessed via the northernmost end bay. The rear (southeast) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The front yard is surrounded by a metal chain-link fence and is marked by small trees. A brick walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1938 by Albert & Alex. Sterling, this one-story, two-bay store was designed in the Classical Revival style. Set on a solid concrete block & brick foundation, this brick building is faced with stretcher-bond brick. A flat roof caps the building and is complemented by a molded metal cornice. The façade (northwest elevation) is pierced by a single-leaf, paneled wood door and triple, single-light fixed windows. A one-story, two-bay projecting bay extends from the façade and is faced with brick. A flat roof caps the bay, which is fenestrated by single-light fixed windows. The rear (southeast) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This one-story store is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The front yard is surrounded by a metal milled point fence and is marked by mature shrubs and foundation plantings. A brick walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1938 by Albert & Alex. Sterling, this one-story, two-bay store was designed in the Classical Revival style. Set on a solid concrete block & brick foundation, this brick building is faced with stretcher-bond brick. A flat roof caps the building and is complemented by a molded metal cornice. The façade (northwest elevation) is pierced by triple, single-light vinyl awning windows. A one-story, two-bay projecting bay extends from the façade and is faced with brick. A flat roof caps the bay, which is fenestrated by 1/1, double-hung, vinyl-sash windows.

A two-story addition extends from the northeast (side) elevation of the building and was constructed ca. 1990. The first story of the addition is faced with stretcher-bond brick and the second story emulates a mansard roof and is covered with asphalt shingles. Visible fenestration consists of 1/1, double-hung, vinyl-sash windows.

Site Notes:

January 2008: This one-story store is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The front yard is marked by mature shrubs and foundation plantings. A wall, pierced by a single-leaf door, extends from the northeast elevation of the building. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1906 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family dwelling was originally one of six similar dwellings constructed from the same permit (#2956). Only 1519 and 1521 North Carolina Avenue, N.E. are extant. Set on a solid brick foundation, this wood-frame dwelling is clad with vinyl siding. A sloping roof caps the building and is accented by a molded cornice with scrolled modillions and brackets. The façade (northwest elevation) is pierced by a single-leaf, paneled wood door with lights (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each opening is surmounted by a lintel with dentil molding. The rear (southeast) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The grassy front yard is partially surrounded by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1905 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family dwelling was one of four similar dwellings constructed from the same permit (#0520). The dwelling is composed of a two-story main block with a full-height ell extending from the rear elevation. Set on a solid brick foundation, this wood-frame dwelling is clad with Hardiplank siding. A sloping roof caps the building and is accented by a molded cornice with scrolled modillions and brackets. An interior brick chimney pierces the roof and has a plain cap. The façade (northwest elevation) is pierced by a single-leaf, paneled wood door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. The door is finished with fluted pilasters and a plain entablature. The rear (southeast) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. STYLE/EXTERIOR DATA

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1905 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family dwelling was one of four similar dwellings constructed from the same permit (#0520). The dwelling is composed of a two-story main block with a full-height ell extending from the rear elevation. Set on a solid brick foundation, this wood-frame dwelling is clad with aluminum siding. A sloping roof caps the building and is accented by a molded cornice with scrolled modillions and brackets. An interior brick chimney pierces the roof and has a plain cap. The façade (northwest elevation) is pierced by a single-leaf, paneled wood door and 1/1, double-hung, vinyl-sash windows. The rear (southeast) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised, front yard is bounded by a stone retaining wall and is surrounded by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1924 by E.B. Young from the design of George T. Santmyers, this two-story, two-bay Colonial Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#5530). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A soldier brick stringcourse spans the façade above the second story window openings. A sloping roof caps the building and is accented by a molded metal cornice. The façade (northwest elevation) is pierced by a single-leaf door with lights and 1/1, double-hung, vinyl-sash windows. Each window opening is finished with a rowlock brick sill. A one-story, full-width porch spans the façade and is set on a brick pier foundation. Brick posts support the flat roof. Metal balusters finish the porch, which is accessed via the northernmost end bay. Sanborn maps indicate that a two-story, wood-frame block extends from the rear (southeast) elevation of the dwelling. Fenestration consists of 1/1, double-hung windows. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family rowhouse is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the concrete sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal chain-link fence. A concrete walkway provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Colonial Revival

Craftsman

Exterior & Architectural Notes:

February 2008: Constructed in 1925 by Young & Oppenheimer from the design of George T. Santmyers, this two-story, two-bay Colonial Revival-style single-family rowhouse with a Craftsman style influence is one of six similar dwellings constructed from the same permit (#7132). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is fronted along the façade by an asphalt-shingled pent roof. The façade (northwest elevation) is fenestrated with a single-leaf, multi-light wood door (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each window opening is finished with a rowlock brick sill. A one-story, full-width porch spans the façade and is set on a brick pier foundation with decorative concrete block infill. The flat roof, featuring overhanging eaves, is supported by brick posts. Metal balusters finish the porch. Sanborn maps indicate that a two-story block extends from the rear (southeast) elevation of the dwelling and is original. Fenestration consists of 1/1, double-hung, vinyl-sash windows. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

February 2008: This two-story, single-family rowhouse is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised front yard is marked by mature shrubs, trees, and foundation plantings. A concrete walkway, with steps, provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Colonial Revival

Craftsman

Exterior & Architectural Notes:

February 2008: Constructed in 1925 by Young & Oppenheimer from the design of George T. Santmyers, this two-story, two-bay Colonial Revival-style single-family rowhouse with a Craftsman style influence is one of six similar dwellings constructed from the same permit (#7132). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is fronted along the façade by an asphalt-shingled pent roof. Exposed rafter ends finish the roof. The façade (northwest elevation) is fenestrated with a single-leaf, paneled wood door with a single light (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. Each window opening is finished with a rowlock brick sill and a two-course, rowlock brick segmental arch. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves and block modillions, is supported by brick posts. Metal balusters finish the porch. Sanborn maps indicate that a two-story block extends from the rear (southeast) elevation of the dwelling and is original. Fenestration consists of 1/1, double-hung, vinyl-sash windows. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

February 2008: This two-story, single-family rowhouse is located on the southeast side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised front yard is marked by mature shrubs and foundation plantings and is bounded by a stone retaining wall. A stone and brick walkway, with steps, provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1906 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family rowhouse was originally one of four similar dwellings constructed from the same permit (#2957). Only 1518 and 1520 Constitution Avenue, N.E. are extant. Set on a solid brick foundation, this wood-frame dwelling is clad with vinyl siding on the façade (south elevation). A sloping roof caps the building and is finished with a molded cornice with scrolled modillions and brackets. The façade is pieced by a single-leaf, paneled door (surmounted by a single-light wood transom) and 1/1, double-hung, wood-sash windows. A square-edged surround accents each window opening. The first story window opening has been boarded with plywood. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised, grassy front yard is bounded by a concrete block retaining wall. A concrete walkway, with steps, provides access to the property from the public right-of-way. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

February 2008: Constructed in 1925 by Young & Oppenheimer from the design of George T. Santmyers, this two-story, two-bay Colonial Revival-style single-family rowhouse is one of six similar dwellings constructed from the same permit (#7132). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building. An exterior-side brick chimney rises from the northeast (side) elevation and has a plain cap. The façade (northwest elevation) is fenestrated with a single-leaf, paneled wood door (topped by a single-light transom) and 1/1, double-hung windows. Each window opening is finished with a rowlock brick sill and a two-course, rowlock brick segmental arch. Diamond-shaped concrete panels are sited above the second story openings and have rowlock brick surrounds. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by brick posts. Square wood balusters finish the porch. The northeast (side) elevation is pierced by 1/1, double-hung, vinyl-sash windows and paired single-light vinyl awning windows. A single-leaf door with a diamond light pierces the foundation.

A two-story, wood-frame enclosed porch extends from the rear (southeast) elevation of the dwelling and is set on a brick pier foundation with wood lattice infill. The first story of the porch is screened and the second story is clad with T-111 siding. A shed roof caps the porch. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

February 2008: This two-story, single-family rowhouse is located on the southwest corner of North Carolina Avenue, N.E. and 16th Street, N.E. and is set back approximately twenty feet from the sidewalk. The raised, grassy front yard is partially surrounded by a metal chain-link fence and is marked by mature shrubs and foundation plantings. A concrete walkway, with steps, provides access to the property from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Modern

Exterior & Architectural Notes:

January 2008: Constructed ca. 1980, this two-story, two-bay single-family dwelling is similar to 1514 Constitution Avenue, N.E. Set on a solid foundation, this dwelling is faced with stretcher-bond brick on the façade (south elevation). A sloping roof caps the building. The façade is pierced by a single-leaf, paneled wood door with lights and 1/1, double-hung, vinyl-sash windows. Each window opening is finished with a rowlock brick sill. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised front yard is paved with concrete and is surrounded by a metal milled point fence. A concrete block retaining wall bounds the southern edge of the yard. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Art Deco

Exterior & Architectural Notes:

April 2008: Constructed in 1939 by E.M. Aiken, Inc., from the design of George T. Santmyers, this two-story, three-bay Modern multiple dwelling features Art Deco decorative motifs and is one of three similar buildings constructed from the same permit (#228227). Set on a solid concrete block foundation, this concrete block building is faced with six-course, American-bond brick. Multiple projecting stringcourses span the façade and add visual interest. The façade (east elevation) is pierced by a single-leaf, paneled metal door with lights and paired 1/1, double-hung, vinyl-sash windows. Each window opening is finished with a rowlock brick sill. The stylistic decorative door surround, composed of brick pilasters, a brick entablature, and a blind transom (of basketweave brick) accents the door. The north (side) elevation is fenestrated with 1/1, double-hung, vinyl-sash windows. The rear (west) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

April 2008: This two-story, multiple dwelling is located on the west side of 16th Street, N.E. and is set back approximately twenty feet from the concrete sidewalk. The raised, grassy yard is surrounded by a brick retaining wall, which is topped by a metal milled point fence. A concrete walkway, with steps, provides access to the property from the public sidewalk. The backyard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1906 by Thomas E. Smithson, this two-story, two-bay Classical Revival-style single-family rowhouse was originally one of four similar dwellings constructed from the same permit (#2957). Only 1518 and 1520 Constitution Avenue, N.E. are extant. Set on a solid brick foundation, this wood-frame dwelling is clad with bricktex siding on the façade (south elevation). A sloping roof caps the building and is finished with a molded wood cornice with scrolled modillions. The façade is pieced by a single-leaf, flush wood door (surmounted by a single-light wood transom) and 6/6, double-hung, wood-sash windows. A square-edged wood surround accents each window opening. The first story window opening has been boarded with plywood. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised, grassy front yard is bounded by a concrete block retaining wall. A concrete walkway, with steps, provides access to the property from the public right-of-way. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1905 by Thomas E. Smithson from the design of N.R. Grimm, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#0521). Set on a solid brick foundation, this wood-frame dwelling is clad with aluminum siding. A sloping roof caps the building and is accented by a molded wood cornice with scrolled modillions and brackets. The façade (south elevation) is pieced by a single-leaf, flush metal door and 1/1, double-hung, vinyl-sash windows. A metal awning shelters the primary entrance. Sanborn maps indicate that a two-story ell extends from the rear (north) elevation of the dwelling and is original. The rear elevation was not photographed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised, grassy front yard is bounded by a brick retaining wall. A concrete walkway, with steps, provides access to the property from the public right-of-way. Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

January 2008: Constructed in 1905 by Thomas E. Smithson from the design of N.R. Grimm, this two-story, two-bay Classical Revival-style single-family rowhouse is one of five similar dwellings constructed from the same permit (#0521). Set on a solid brick foundation, this wood-frame dwelling is faced with stretcher-bond brick on the facade. A sloping roof caps the building and is accented by a molded wood cornice with scrolled modillions and brackets. The façade (south elevation) is pieced by a replacement, single-leaf, paneled wood door with an oval light and tripartite windows. These windows are composed of a central fixed single-light window and flanking single-light vinyl casement windows. A one-story, full-width porch spans the façade and is set on a solid poured concrete foundation. The flat roof is supported by metal filigree posts set upon brick pedestals. Sanborn maps indicate that a two-story ell extends from the rear (north) elevation of the dwelling and is original. The rear elevation was not photographed or surveyed by the volunteer surveyor.

Site Notes:

January 2008: This two-story, single-family dwelling is located on the north side of Constitution Avenue, N.E. and is set back approximately fifteen feet from the brick sidewalk. The raised front yard is bounded by a brick retaining wall, topped by a metal milled point fence, and is marked by mature shrubs. A concrete walkway, with steps, provides access to the property from the public right-of-way. The rear yard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

November 2007: Constructed in 1923 by G.E. Burch, this two-story, three-bay Colonial Revival-style rowhouse is one of seven similar dwellings constructed from the same permit (#7976) and was influenced by the Craftsman style. Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A soldier brick stringcourse spans the façade above the second story openings. A sloping roof caps the building and is fronted along the façade (west elevation) by a pent roof of asphalt shingles. A prominent overhanging eave, with exposed rafter ends, complements the pent roof. The façade is fenestrated with a single-leaf, paneled door (highlighted by a single-light transom, fluted pilasters, and an entablature with dentils) and 1/1, double-hung, wood-sash windows. Concrete sills and inoperable louvered shutters accent each window opening. The rear (east) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the east side of 15th Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard slopes to the sidewalk and is marked by mature shrubs, small trees, and foundation plantings. A brick walkway, with steps, leads from the public sidewalk to the brick stoop. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

April 2008: Constructed in 1926 by Howenstein Brothers, this two-story, two-bay Colonial Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2856). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is fronted by a gabled parapet with a molded metal cornice. A recessed brick panel ornaments the façade above the second story openings. Decorative soldier brick stringcourses span the façade above the first and second story openings. The façade (south elevation) is fenestrated with a replacement, single-leaf, paneled wood door with lights (surmounted by a single-light transom) and single-light metal awning windows. Each window opening is finished by a concrete sill. A one-story, full-width porch spans the façade and is set on a brick pier foundation that has been infilled with concrete. The flat roof, featuring overhanging eaves, is supported by brick posts set upon brick pedestals. Metal balusters complete the porch, which is accessed via poured concrete steps in the easternmost end bay. Sanborn maps indicate that a two-story ell extends from the rear elevation of the dwelling and is original. The rear (north) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

April 2008: This two-story rowhouse is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the sidewalk. The front yard is marked by mature shrubs. A concrete walkway provides access to the property from the public sidewalk. The backyard was not surveyed by the volunteer surveyor.

April 2008: Constructed in 1926 by Howenstein Brothers, this two-story, two-bay Colonial Revival-style single-family rowhouse is one of four similar dwellings constructed from the same permit (#2856). Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A sloping roof caps the building and is fronted by a gabled parapet with a molded metal cornice. A recessed brick panel ornaments the façade above the second story openings. Decorative soldier brick stringcourses span the façade above the first and second story openings. The façade (south elevation) is fenestrated with a single-leaf, paneled wood door (surmounted by a single-light transom) and 2/2, double-hung, wood-sash windows. Each window opening is finished by a concrete sill. A one-story, full-width porch spans the façade and is set on a brick pier foundation. The flat roof, featuring overhanging eaves, is supported by brick posts set upon brick pedestals. Square wood balusters complete the porch, which is accessed via poured concrete steps in the easternmost end bay. Sanborn maps indicate that a two-story ell extends from the rear elevation of the dwelling and is original. The rear (north) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

April 2008: This two-story rowhouse is located on the north side of Constitution Avenue, N.E. and is set back approximately ten feet from the sidewalk. The raised, grassy front yard is marked by mature shrubs and foundation plantings and is bounded by a concrete block retaining wall. A concrete walkway provides access to the property from the public sidewalk. The backyard was not surveyed by the volunteer surveyor.

STYLE/EXTERIOR DATA

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

November 2007: Constructed in 1923 by G.E. Burch, this two-story, three-bay Colonial Revival-style rowhouse was influenced by the Craftsman style and was originally intended for two families. Set on a solid concrete foundation, this brick dwelling is faced with six-course, American-bond brick. The roofing type is obscured by a pent roof of slate shingles. Overhanging eaves and exposed rafter ends complement the roof. An exterior chimney rises from the southwest canted corner of the building and has a plain cap. An interior chimney is located at the southeast corner of the building. The façade (west elevation) is pierced by single and paired 1/1, double-hung windows. Concrete sills and inoperable louvered shutters accent the openings. A single-leaf, paneled wood door with lights is located in the northernmost bay and is topped by a single-light transom. Pilasters and a broken pediment adorn the opening. The southeast (side) elevation features fenestration that is consistent with the façade in addition to a single-leaf, multi-light wood door. Fluted pilasters, topped by a pediment, finish the door opening. The rear (east) elevation was not surveyed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the northeast corner of 15th Street, N.E. and North Carolina Avenue, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard is marked by mature shrubs and foundation plantings and is surrounded by a metal milled point fence. A brick walkway provides access to the primary entrance on 15th Street, N.E. from the public sidewalk.

STYLE/EXTERIOR DATA

Architectural Style(s)

Colonial Revival

Exterior & Architectural Notes:

November 2007: Constructed in 1923 by G.E. Burch, this two-story, three-bay Colonial Revival-style rowhouse is one of seven similar dwellings constructed from the same permit (#7976) and was influenced by the Craftsman style. Set on a solid concrete foundation, this brick dwelling is faced with five-course, American-bond brick. A soldier brick stringcourse spans the façade above the second story openings. A sloping roof caps the building and is fronted along the façade (west elevation) by a pent roof of asphalt shingles. A prominent overhanging eave, with exposed rafter ends, complements the pent roof. The façade is fenestrated with a single-leaf, paneled wood door with lights (highlighted by a single-light transom, fluted pilasters and a broken pediment) and 1/1, double-hung, vinyl-sash windows. Concrete sills accent each window opening. The rear (east) elevation was not surveyed or photographed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the east side of 15th Street, N.E. and is set back approximately ten feet from the concrete sidewalk. The grassy front yard is bounded by a low, concrete curb and is marked by mature plantings. A brick walkway, with steps, leads from the public sidewalk to the brick stoop. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

November 2007: Constructed in 1911 by Samuel Masson from the design of Albert H. Beers, this two-story, two-bay Classical Revival-style rowhouse is one of ten similar dwellings constructed from the same permit (#4113). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (southeast elevation) is pierced by a single-leaf, paneled wood door with lights (topped by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch surmounts each opening. Sanborn maps indicate a one-story ell extends from the rear elevation of the dwelling and is original. The stuccoed ell is capped by a flat roof. Visible fenestration consists of sliding glass doors. The rear (northwest) elevation was not photographed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the northwest side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised front yard is overgrown with mature shrubs, small trees and English ivy. A concrete walkway, with steps, provides access to the primary entrance from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

Architectural Style(s)

Classical Revival

Exterior & Architectural Notes:

November 2007: Constructed in 1911 by Samuel Masson from the design of Albert H. Beers, this two-story, two-bay Classical Revival-style rowhouse is one of ten similar dwellings constructed from the same permit (#4113). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (southeast elevation) is pierced by a single-leaf door (surmounted by a single-light transom) and 1/1, double-hung, vinyl-sash windows. A two-course, rowlock brick segmental arch surmounts each opening. A one-story, full-width porch spans the façade and is set on a solid foundation. The flat roof of the porch features overhanging eaves and is supported by metal filigree posts. Metal balusters finish the porch. Sanborn maps indicate a one-story ell extends from the rear elevation of the dwelling and is original. The rear (northwest) elevation was not photographed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the northwest side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised, grassy front yard is surrounded by a metal chain-link fence and is marked by mature shrubs and foundation plantings. A concrete walkway, with steps, provides access to the primary entrance from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.

November 2007: Constructed in 1911 by Samuel Masson from the design of Albert H. Beers, this two-story, two-bay Classical Revival-style rowhouse is one of ten similar dwellings constructed from the same permit (#4113). Set on a solid concrete foundation, this brick dwelling is faced with Flemish-bond brick. A sloping roof caps the building and is complemented by a molded metal cornice. The façade (southeast elevation) is pierced by a replacement, single-leaf, paneled wood door with an oval light (surmounted by a single-light transom) and 6/1, double-hung, wood-sash windows. A two-course, rowlock brick segmental arch surmounts each opening. A one-story, full-width porch spans the façade and is set on a pier foundation. The flat roof of the porch features overhanging eaves and is supported by a turned wood post and a square wood post. Square wood balusters finish the porch. Sanborn maps indicate a one-story ell extends from the rear elevation of the dwelling and is original. The rear (northwest) elevation was not photographed by the volunteer surveyor.

Site Notes:

November 2007: This two-story rowhouse is located on the northwest side of North Carolina Avenue, N.E. and is set back approximately twenty feet from the sidewalk. The raised, grassy front yard is surrounded by a metal milled point fence and is marked by mature shrubs. A brick retaining wall bounds the sidewalk. A concrete walkway, with steps, provides access to the primary entrance from the public sidewalk. The rear yard was not surveyed by the volunteer surveyor.
