# Kingsman Academy Public Charter School

Recognizing the District of Columbia's need for a school that serves students at risk of dropping out of school, Kingsman Academy welcomes all students in grades six through twelve, especially those who are over-aged and under-credited, have attendance problems, or have behavioral or emotional challenges.

The background of the slide is a photograph of a large, multi-story brick building, likely a school, with several windows. In the foreground, there is a green lawn and some trees with green leaves. A dark grey rectangular box is overlaid on the middle of the image, containing the title text. Below the grey box is a red rectangular box containing the project description text.

# Building Renovation Project

Kingsman Academy will renovate the building to include a regulation-sized gymnasium and full-sized preparation cooking kitchen.
